

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rachel Couleur
DOCKET NO.: 19-03682.001-R-1
PARCEL NO.: 16-29-320-006

The parties of record before the Property Tax Appeal Board are Rachel Couleur, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$44,633
IMPR.: \$85,433
TOTAL: \$130,066

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 1,485 square feet of living area. The dwelling was constructed in 1958. Features of the home include a 720 square foot finished lower level¹, central air conditioning, and a detached garage with 440 square feet of building area. The property has an 8,838 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables located within the same assessment neighborhood as the subject property. The comparables are improved with one-story dwellings of brick or wood siding exterior construction that range in size from 1,204 to 2,413 square feet of living area. The dwellings were built in 1958 and 1959. Each comparable has a lower-level basement with finished area and central air conditioning. Two comparables each have a fireplace and three comparables each have an attached garage ranging in size from 374 to 462 square feet of building area. The comparables have

improvement assessments that range from \$64,320 to \$117,009 or from \$48.49 to \$53.48 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$77,182 or \$51.97 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$130,066. The subject property has an improvement assessment of \$85,433 or \$57.53 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted the subject's property record card and a grid analysis of four suggested equity comparables located within the same assessment neighborhood as the subject property. The comparables are improved with one-story dwellings of brick and wood siding exterior construction ranging in size from 1,431 to 1,485 square feet of living area. The dwellings were built from 1955 to 1967 with the one comparable built in 1955 having the effective age of 1958. Each comparable has a lower-level basement with one comparable having a finished area. Each comparable has central air conditioning, two comparables each have a fireplace, and each comparable has either a detached or attached garage ranging in size from 420 to 675 square feet of building area. The comparables have improvement assessments ranging from \$86,494 to \$93,069 or from \$58.25 to \$65.04 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables due to differences to the subject in dwelling size.

The Board finds the best evidence of assessment equity to be board of review comparables which are most similar to the subject in dwelling size and features. These comparables have improvement assessments ranging from \$86,494 to \$93,069 or from \$58.25 to \$65.04 per square foot of living area. The subject's improvement assessment of \$85,433 or \$57.53 per square foot of living area falls below the range established by the best comparables in the record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
