

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Levitz
DOCKET NO.: 19-03699.001-R-1
PARCEL NO.: 16-28-414-016

The parties of record before the Property Tax Appeal Board are David Levitz, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$47,924
IMPR.: \$267,561
TOTAL: \$315,485

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 3,554 square feet of living area. The dwelling was constructed in 1999 and is approximately 20 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace, and an attached garage with 791 square feet of building area. The property has approximately 10,118 square feet of land area and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables located from 0.19 to 0.64 of a mile from the subject property and within the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 3,692 to 4,043 square feet of living area. The dwellings range in age from 11 to 17 years old. Each comparable has a full unfinished basement, central air conditioning, one or two fireplaces, and an attached garage ranging in size from 567 to 758 square feet of building area. The comparables have improvement assessments that range from \$226,087 to \$240,137 or from \$58.98 to \$61.24 per square foot of living

area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$215,372 or \$60.60 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$315,485. The subject property has an improvement assessment of \$267,561 or \$75.28 per square foot of living area. In support of its contention of the correct assessment the board of review submitted the subject's property record card and a grid analysis of five suggested equity comparables located within the same assessment neighborhood and from 0.14 to 0.87 of a mile from the subject property. The comparables are improved with two-story dwellings of wood siding or brick exterior construction ranging in size from 3,526 to 3,592 square feet of living area. The dwellings were built from 2001 to 2007. Each comparable has a full basement with two comparables having finished area, central air conditioning, one or two fireplaces, and an attached garage ranging in size from 440 to 965 square feet of building area. The comparables have improvement assessments ranging from \$269,400 to \$291,672 or from \$75.00 to \$81.61 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gave less weight to the appellants comparables #1 and #2 along with board of review comparables #2 and #3 for larger in dwelling size and/or basement finished area when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' five remaining comparables as they are similar to the subject in size and some features. These comparables have improvement assessments ranging from \$226,087 to \$290,140 or from \$61.11 to \$81.02 per square foot of living area. The subject's improvement assessment of \$267,561 or \$75.28 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
