

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alla Batko  
DOCKET NO.: 19-03703.001-R-1  
PARCEL NO.: 16-10-320-007

The parties of record before the Property Tax Appeal Board are Alla Batko, the appellant(s), by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$51,243  
**IMPR.:** \$66,042  
**TOTAL:** \$117,285

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a tri-level dwelling of wood siding and brick exterior construction with 1,275 square feet of living area. The dwelling was constructed in 1955 and is approximately 64 years old. Features of the home include a lower-level basement with finished area and a detached garage with 462 square feet of building area. The property has approximately 12,460 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables located from 0.34 to 0.57 of a mile from the subject and within the assessment neighborhood code as the subject. The comparables are improved with tri-level dwellings of brick exterior construction that range in size from 1,540 to 1,700 square feet of living area. The dwellings range in age from 60 to 62 years old. Each comparable has a lower-level basement with a finished area, central air conditioning, and an attached garage of 308 or 378 square feet of building area. One comparable has a fireplace. The comparables have improvement assessments that range from \$70,346 to \$78,282 or from \$44.92 to \$46.05 per square foot of living area. Based on this evidence,

the appellant requested the subject's improvement assessment be reduced to \$58,171 or \$45.62 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$117,285. The subject property has an improvement assessment of \$66,042 or \$51.79 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted the subject's property record card and a grid analysis of five suggested equity comparables located from 0.32 to 0.43 of a mile from the subject and within the same assessment neighborhood as the subject property. The Board takes notice that the board of review comparable #1 and #5 are the same property. The comparables are improved with tri-level dwellings of brick or brick and wood siding exterior construction ranging in size from 1,225 to 1,313 square feet of living area. The dwellings range in age from 57 to 65 years old. Each comparable has a lower-level basement with a finished area. One comparable has central air conditioning, three comparables each have a fireplace and three comparables each have either an attached or detached garage of 345 and 528 square feet of building area. The comparables have improvement assessments ranging from \$67,842 to \$71,503 or from \$52.21 to \$58.37 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

#### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables along with the board of review comparable #4, for their central air conditioning when compared to the subject.

The Board finds the best evidence of assessment equity are the board of review comparables #1, #2 and #3 as these comparables are similar when compared to the subject in age, dwelling size, and some features. These comparables have improvement assessments ranging from \$67,842 to \$71,503 or from \$52.21 to \$58.37 per square foot of living area. The subject's improvement assessment of \$66,042 or \$51.80 per square foot of living area falls below the range established by the best comparables in the record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
