

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jay Paset
DOCKET NO.: 19-03721.001-R-1
PARCEL NO.: 16-10-316-007

The parties of record before the Property Tax Appeal Board are Jay Paset, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$59,194
IMPR.: \$102,561
TOTAL: \$161,755

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a tri-level dwelling of wood siding exterior construction with 1,951 square feet of living area. The dwelling was constructed in 1964 and is approximately 55 years old. Features of the home include a lower level with finished area, central air conditioning, a fireplace and an attached garage with 462 square feet of building area. The property has a site with approximately 17,320 feet of land area and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables located from 0.28 to 0.78 of a mile from the subject and within the same assessment neighborhood code as the subject. The comparables are improved with tri-level dwellings of brick exterior construction that range in size from 1,566 to 2,501 square feet of living area. The dwellings range in age from 58 to 64 years old. Each comparable has a lower level with finished area ranging in size from 351 to 933 square feet, central air conditioning, and an attached garage ranging in size from 308 to 572 square feet of building area. Two comparables each have one fireplace. The comparables have improvement assessments that range from \$70,346 to \$111,424 or from \$42.48 to

\$45.12 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$86,380 or \$44.27 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$161,755. The subject property has an improvement assessment of \$102,561 or \$52.57 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted the subject's property record card and a grid analysis of five suggested equity comparables located from 0.10 to 0.94 of a mile from the subject and within the same assessment neighborhood as the subject property. The comparables are improved with tri-level dwellings of brick and wood siding or wood siding exterior construction that range in size from 1,925 to 2,214 square feet of living area. The dwellings were built from 1956 to 1964.¹ Each comparable has a lower level with finished area, central air conditioning, and an attached garage ranging in size from 440 to 529 square feet of building area. Four comparables have one or two fireplaces. The comparables have improvement assessments ranging from \$101,909 to \$135,277 or from \$49.96 to \$63.07 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #2 and #3 for their larger and/or smaller dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity are the appellant's comparables #1 and #2 along with the board of review comparables as these comparables are similar when compared to the subject in age, dwelling size, and some features. These comparables have improvement assessments ranging from \$91,318 to \$135,277 or from \$42.48 to \$63.07 per square foot of living area. The subject's improvement assessment of \$102,561 or \$52.57 per square foot of living area falls within the range established by the best comparables in the record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

¹ Comparable #1 was built in 1956 with an effective age of 1975.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
