

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gary & Lynn Salit  
DOCKET NO.: 19-03742.001-R-1  
PARCEL NO.: 16-28-410-007

The parties of record before the Property Tax Appeal Board are Gary & Lynn Salit, the appellants, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$37,855  
**IMPR.:** \$180,417  
**TOTAL:** \$218,272

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of brick and wood siding exterior construction with 2,278 square feet of living area. The dwelling was constructed in 1988 and is approximately 31 years old. Features of the home include a concrete slab foundation, central air conditioning, a fireplace and a 506 square foot garage. The property has a 3,750 square foot site and is located in Highland Park, West Deerfield Township, Lake County.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with one-story dwellings of brick exterior construction with 2,292 square feet of living area that are each 31 years old. The comparables each have a concrete slab foundation, central air conditioning, a fireplace and a garage with 506 square feet of building

area. The comparables have improvement assessments of \$148,656 and \$170,670 or \$64.86 and \$74.46 per square foot of living area. Based on this evidence, the appellants requested the subject's improvement assessment be reduced to \$164,243 or \$72.10 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$218,272. The subject property has an improvement assessment of \$180,417 or \$79.20 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with one-story dwellings of brick and wood siding exterior construction with 2,278 square feet of living area that were each built in 1988. The comparables each have a concrete slab foundation, central air conditioning, a fireplace and a garage with 506 square feet of building area. The comparables have improvement assessments of \$180,417 and \$181,586 or \$79.20 and \$79.71 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration. The Board finds all of these comparables are similar if not identical to the subject in dwelling size, design, age and features. The comparables have improvement assessments ranging from \$148,656 to \$181,586 or from \$64.86 to \$79.71 per square foot of living area. The subject's improvement assessment of \$180,417 or \$79.20 per square foot of living area falls within the range established by the comparables in the record. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
