

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marshall Norris
DOCKET NO.: 19-03743.001-R-1
PARCEL NO.: 15-13-306-028

The parties of record before the Property Tax Appeal Board are Marshall Norris, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$66,206
IMPR.: \$208,863
TOTAL: \$275,069

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 4,225 square feet of living area. The dwelling was constructed in 1989 and is approximately 30 years old. Features of the home include a full basement with a recreation room, central air conditioning, a fireplace and a 759 square foot garage. The property has an approximately 20,910 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick exterior construction ranging in size from 4,191 to 4,480 square feet of living area. The dwellings range in age from 22 to 28 years

old. The appellant reported that each comparable has a full or partial basement, three of which have finished area. Each comparable has central air conditioning, one or two fireplaces and a garage that ranges in size from 814 to 854 square feet of building area. The comparables have improvement assessments that range from \$169,843 to \$185,134 or from \$40.53 to \$43.55 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$176,921 or \$41.87 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$275,069. The subject property has an improvement assessment of \$208,863 or \$49.44 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject property. Board of review comparable #2 is the same property as the appellant's comparable #1. The comparables are improved with two-story dwellings of brick, wood siding or brick and wood siding exterior construction ranging in size from 3,993 to 4,510 square feet of living area. The dwellings were built from 1994 to 1999. Board of review comparable #4 has an effective age of 1995. The board of review reported that each comparable has a full basement with a recreation room, central air conditioning, one or two fireplaces and a garage that ranges in size from 571 to 854 square feet of building area. The comparables have improvement assessments that range from \$169,843 to \$232,184 or from \$40.53 to \$52.45 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight suggested equity comparables for the Board's consideration, as one comparable was common to both parties. The Board finds all of the comparables are relatively similar to the subject in location, dwelling size, design, age and most features. The comparables have improvement assessments ranging from \$169,843 to \$232,184 or from \$40.53 to \$52.45 per square foot of living area. The subject's improvement assessment of \$208,863 or \$49.44 per square foot of living area falls within the range established by the comparables in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
