

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John & Antoinette White  
DOCKET NO.: 19-03750.001-R-1  
PARCEL NO.: 15-01-202-066

The parties of record before the Property Tax Appeal Board are John & Antoinette White, the appellants, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$93,547  
**IMPR.:** \$290,787  
**TOTAL:** \$384,334

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of brick exterior construction with 3,992 square feet of living area. The dwelling was constructed in 2002 and is approximately 17 years old. Features of the home include a full unfinished basement, central air conditioning, two fireplaces and a 727 square foot garage. The property has an approximately 31,800 square foot site and is located in Lake Forest, Vernon Township, Lake County.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with one-story or two-story dwellings of brick or wood siding exterior construction ranging in size from 3,515 to 4,477 square feet of living area. The dwellings range in age from 21 to 27 years old. The appellants reported that each comparable has a full

basement, two of which have finished area. Each comparable has central air conditioning, one to three fireplaces and a garage that ranges in size from 441 to 796 square feet of building area. The comparables have improvement assessments that range from \$223,460 to \$306,722 or from \$63.52 to \$68.67 per square foot of living area. Based on this evidence, the appellants requested the subject's improvement assessment be reduced to \$267,883 or \$67.09 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$384,334. The subject property has an improvement assessment of \$290,787 or \$72.84 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with one-story or two-story dwellings of Dryvit or wood siding exterior construction ranging in size from 3,200 to 3,647 square feet of living area. The dwellings were built from 1997 to 2003. The board of review reported that each comparable has a full basement, four of which have recreation rooms. Each comparable has central air conditioning, one or two fireplaces and a garage that ranges in size from 493 to 736 square feet of building area. The comparables have improvement assessments that range from \$240,664 to \$265,659 or from \$72.84 to \$75.95 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellants' comparables #1, #2 and #4, as well as board of review comparable #1 due to their dissimilar two-story designs when compared to the subject's one-story design. The Board gives reduced weight to board of review comparables #3, #4 and #5 due to their smaller dwelling sizes when compared to the subject dwelling. The Board finds the best evidence of assessment equity to be the appellants' comparable #3 and board of review comparable #2, which are relatively similar to the subject in location, dwelling size, design, age and most features. These comparables have improvement assessments of \$306,722 and \$243,943 or \$68.51 and \$73.61 per square foot of living area, respectively. The subject's improvement assessment of \$290,787 or \$72.84 per square foot of living area is bracketed by the two best comparables in the record both in terms of overall improvement assessment and on a square foot basis. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
