

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gerald Flaherty
DOCKET NO.: 19-03763.001-R-1
PARCEL NO.: 13-03-304-002

The parties of record before the Property Tax Appeal Board are Gerald Flaherty, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$37,290
IMPR.: \$174,246
TOTAL: \$211,536

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,224 square feet of living area. The dwelling was constructed in 1997 and is approximately 22 years old. Features of the home include a full basement with a recreation room, central air conditioning, two fireplaces and an 805 square foot garage. The property has a 41,294 square foot site and is located in Lake Barrington, Cuba Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales located within the same assessment neighborhood code as the subject and from .08 to 2.09 miles from the subject property. The comparables have sites that range in size from 41,172 to 43,181 square feet of land area. The comparables are improved with two-story dwellings of wood siding or brick exterior construction ranging in size from 4,093 to 5,347 square feet of living area. The dwellings range

in age from 10 to 24 years old. Each comparable has a full basement with two having finished area. The comparables each have central air conditioning, one or two fireplaces and a garage that ranges in size from 821 to 1,058 square feet of building area. The properties sold from February 2017 to November 2018 for prices ranging from \$582,500 to \$709,000 or from \$130.91 to \$142.32 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$194,304, which would reflect a market value of \$582,970 or \$138.01 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$211,536. The subject's assessment reflects a market value of \$643,162 or \$152.26 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales located within the same assessment neighborhood code as the subject and from 1.94 to 3.16 miles from the subject property. The comparables have sites that range in size from 46,060 to 87,860 square feet of land area. The comparables are improved with two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 3,758 to 4,627 square feet of living area. The dwellings were built from 1991 to 2001. Each comparable has a full basement with two having recreation rooms. The comparables each have central air conditioning, one to three fireplaces and a garage that ranges in size from 720 to 1,000 square feet of building area. The properties sold from January 2018 to April 2019 for prices ranging from \$645,000 to \$780,000 or from \$155.39 to \$207.56 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested comparable sales for the Board's consideration. The Board gives less weight to appellant's comparables #1 and #2 due to their considerably larger dwelling sizes when compared to the subject. Furthermore, appellant's comparable #2 is newer in age when compared to the subject dwelling. The Board also gives less weight to the 2017 sale of appellant's comparable #3, which is dated and less likely to be indicative of the subject's market value as of the January 1, 2019 assessment date. The Board gives reduced weight to board of review comparables #2, #3 and #5 due to their substantially larger site sizes when compared to the subject.

The Board finds the best evidence of market value to be board of review comparables #1 and #4. These two comparables sold proximate in time to the lien date at issue and are relatively similar to the subject in site size, dwelling size, design, age and features, except neither comparable has a basement recreation room like the subject. These comparables sold in April and February 2019 for prices of \$780,000 and \$645,000 or for \$207.56 and \$159.89 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of \$643,162 or \$152.26 per square foot of living area, including land, which falls below the two best comparable sales in the record, both in terms of overall market value and on a price per square foot basis. After considering adjustments to the comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
