

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jannis Kim  
DOCKET NO.: 19-03769.001-R-1  
PARCEL NO.: 15-13-204-032

The parties of record before the Property Tax Appeal Board are Jannis Kim, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$112,920  
**IMPR.:** \$314,198  
**TOTAL:** \$427,118

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 5,812 square feet of living area. The dwelling was constructed in 2006 and is approximately 13 years old. Features of the home include a full basement with a recreation room, central air conditioning, three fireplaces and a 940 square foot garage. The property has an approximately 41,150 square foot site and is located in Lake Forest, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 4,068 to 5,314 square feet of living area. The dwellings range in age from 29 to 33 years old. One comparable has a crawl space foundation and three

comparables have either a full or a partial basement, two of which have finished area. Each comparable has central air conditioning, two fireplaces and a garage that ranges in size from 736 to 952 square feet of building area. The comparables have improvement assessments that range from \$199,442 to \$263,274 or from \$47.74 to \$49.59 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$284,497 or \$48.95 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$427,118. The subject property has an improvement assessment of \$314,198 or \$54.06 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of Dryvit or brick exterior construction ranging in size from 4,694 to 5,557 square feet of living area. The dwellings were each built in 2003. The comparables each have a full basement, two of which have recreation rooms. Each comparable has central air conditioning, two to five fireplaces and a garage that ranges in size from 777 to 886 square feet of building area. Comparable #3 has an inground swimming pool. The comparables have improvement assessments that range from \$258,328 to \$294,629 or from \$52.82 to \$55.05 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to their considerably older ages when compared to the subject dwelling. The Board finds the best evidence of assessment equity to be the comparables provided by the board of review. Despite that these comparables have smaller dwelling sizes than the subject, they are similar to the subject in location, design, age and some features. These comparables have improvement assessments ranging from \$258,328 to \$294,629 from \$52.82 to \$55.05 per square foot of living area. The subject's improvement assessment of \$314,198 or \$54.06 per square foot of living area falls above the overall improvement assessment range established by the best comparables in the record, but within the range on a square foot basis. The subject's higher overall improvement assessment appears to be justified given its larger dwelling size. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
