

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rita Brannam
DOCKET NO.: 19-03779.001-R-1
PARCEL NO.: 13-04-201-008

The parties of record before the Property Tax Appeal Board are Rita Brannam, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$53,994
IMPR.: \$125,932
TOTAL: \$179,926

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,472 square feet of living area. The dwelling was constructed in 1989 and is approximately 30 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 736 square foot garage. The property also has a 648 square foot inground swimming pool.¹ The property has an approximately 84,740 square foot site and is located in Barrington, Cuba Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity

comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of wood siding exterior construction ranging in size from 2,994 to 3,677 square feet of living area. The dwellings range in age from 32 to 38 years old. Each comparable has a full or partial basement that is unfinished, central air conditioning, one or two fireplaces and a garage that ranges in size from 528 to 873 square feet of building area. The comparables have improvement assessments that range from \$103,624 to \$122,285 or from \$28.60 to \$34.69 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$114,402 or \$32.95 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$179,926. The subject property has an improvement assessment of \$125,932 or \$36.27 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick, brick and wood siding or brick and vinyl siding exterior construction ranging in size from 3,694 to 3,944 square feet of living area. The dwellings were built from 1973 to 2008. Comparable #4 has an effective age of 1988. Each comparable has a full basement with four having recreation rooms and two having walkout designs. The comparables each have central air conditioning, one to four fireplaces and a garage that ranges in size from 677 to 1,236 square feet of building area. One comparable has an inground swimming pool and one comparable has a gazebo. The comparables have improvement assessments that range from \$199,789 to \$240,433 or from \$54.08 to \$60.96 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to board of review comparables #1, #2, #3 and #5 as each has a basement recreation room, in contrast to the subject's unfinished basement. Furthermore, appellant's comparables #1, #3 and #5 have dissimilar ages when compared to the subject dwelling. The Board finds the best evidence of assessment equity to be the parties' remaining comparables, which are relatively similar to the subject in location, dwelling size, design, age and most features, except none of the comparables have an inground swimming pool like the subject. The comparables have improvement assessments ranging from \$103,624 to \$208,580 or from \$28.60 to \$55.70 per square foot of living area. The subject's improvement assessment of

\$125,932 or \$36.27 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
