

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeffrey & Noreen Tennant
DOCKET NO.: 19-03791.001-R-1
PARCEL NO.: 15-18-301-012

The parties of record before the Property Tax Appeal Board are Jeffrey & Noreen Tennant, the appellants, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$62,182
IMPR.: \$258,427
TOTAL: \$320,609

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 5,475 square feet of living area. The dwelling was constructed in 1995 and is approximately 24 years old. Features of the home include a full unfinished basement, central air conditioning, two fireplaces and a 736 square foot garage. The property has a 56,660 square foot site and is located in Long Grove, Vernon Township, Lake County.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of wood siding, Dryvit or brick exterior construction ranging in size from 4,809 to 5,824 square feet of living area. The dwellings range in age from 20 to 27 years old. The appellant reported that each comparable has a full or partial

basement, three of which have finished area. Each comparable has central air conditioning, one to three fireplaces and a garage that ranges in size from 655 to 1,016 square feet of building area. The comparables have improvement assessments that range from \$182,070 to \$214,596 or from \$36.85 to \$38.86 per square foot of living area. Based on this evidence, the appellants requested the subject's improvement assessment be reduced to \$206,133 or \$37.65 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$320,609. The subject property has an improvement assessment of \$258,427 or \$47.20 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of wood siding, brick or brick and Dryvit exterior construction ranging in size from 4,717 to 4,780 square feet of living area. The dwellings were built from 1991 to 1995. Board of review comparable #3 has a reported effective age of 1997. The board of review reported that each comparable has a full basement, two of which have recreation rooms. Each comparable has central air conditioning, two to five fireplaces and a garage that ranges in size from 680 to 900 square feet of building area. The comparables have improvement assessments that range from \$221,594 to \$241,839 or from \$46.46 to \$50.59 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #3, as well as board of review comparables #3 and #4 as each has a finished basement unlike the subject's unfinished basement. The Board finds the parties' remaining comparables are relatively similar to the subject in location, dwelling size, design, age and features. These comparables have improvement assessments that range from \$38.86 to \$48.88 per square foot of living area. The subject's improvement assessment of \$47.20 per square foot of living area falls within the range established by the best comparables in the record on a square foot basis. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
