

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Ott  
DOCKET NO.: 19-03803.001-R-1  
PARCEL NO.: 16-04-307-006

The parties of record before the Property Tax Appeal Board are John Ott, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$103,714  
**IMPR.:** \$78,108  
**TOTAL:** \$181,822

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of brick exterior construction with 2,264 square feet of living area. The dwelling was constructed in 1960 and is approximately 59 years old. Features of the home include a partial basement that is unfinished, central air conditioning, a fireplace and a 594 square foot garage. The property has a site that has approximately 20,230 square feet of land area and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with one-story dwellings of brick or wood siding exterior construction ranging in size from 1,816 to 2,408 square feet of living area. The dwellings are 58 or 63 years old. The appellant reported that one comparable has a partial basement and a part concrete slab foundation and three

comparables each have a partial basement, two of which have finished area. Each comparable has central air conditioning, one or two fireplaces and a garage that ranges in size from 420 to 586 square feet of building area. The comparables have improvement assessments that range from \$59,139 to \$82,739 or from \$30.68 to \$34.36 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$74,485 or \$32.90 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$205,594. The subject property has an improvement assessment of \$101,880 or \$45.00 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted a copy of the subject's property record card, along with information on five equity comparables, none of which are located within the same assessment neighborhood as the subject property.<sup>1</sup> The comparables are improved with one-story dwellings of brick or brick and wood siding exterior construction ranging in size from 3,539 to 4,107 square feet of living area. The dwellings were built in 1994 or 1995. The board of review reported that each comparable has a full basement, three of which have recreation rooms and one has a walk out design. Each comparable has central air conditioning, a fireplace and a garage that ranges in size from 552 to 1,031 square feet of building area. The comparables have improvement assessments that range from \$153,780 to \$163,843 or from \$37.91 to \$45.82 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #2 due to its smaller dwelling size when compared to the subject. The Board gives less reduced weight to the comparables submitted by the board of review due to differences from the subject in location, dwelling size and age.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #3 and #4, which are relatively similar to the subject in location, dwelling size, design, age and most features. These comparables have improvement assessments ranging from \$62,341 to \$82,739 or from \$30.68 to \$34.36 per square foot of living area. The subject's improvement assessment of \$101,880 or \$45.00 per square foot of living area falls above the range established by the best

comparables in the record. After considering adjustments to the comparables for differences from the subject, the Board finds the subject's assessment is excessive. Therefore, based on this record, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
