

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ivan Wolfson
DOCKET NO.: 19-03838.001-R-1
PARCEL NO.: 16-36-303-020

The parties of record before the Property Tax Appeal Board are Ivan Wolfson, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$76,170
IMPR.: \$49,087
TOTAL: \$125,257

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a one-story dwelling of brick exterior construction with 1,368 square feet of living area. The dwelling was built in 1953. Features of the home include a full basement that is partially finished, central air conditioning, one fireplace and an attached one-car garage with 231 square feet of building area. The property has an 8,910 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with one-story dwellings of wood siding or brick exterior construction ranging in size from 1,071 to 2,071 square feet of living area. The dwellings range in age from 65 to 93 years old. Each property has a full basement with three having finished area, central air conditioning, and one fireplace. Three comparables have either an attached or detached garage

and one comparable has a carport. The comparables have the same assessment neighborhood code as the subject property. These properties have improvement assessments ranging from \$32,561 to \$64,199 or from \$30.40 to \$31.00 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$41,758.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$125,257. The subject property has an improvement assessment of \$49,087 or \$35.88 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with one-story dwellings of brick or brick and wood siding exterior construction ranging in size from 1,164 to 1,540 square feet of living area. The dwellings were built from 1949 to 1954. Three comparables have a full basement with one having finished area, one comparable has a crawl space foundation, and one comparable has a concrete slab foundation. Each property has central air conditioning, one fireplace, and garage ranging in size from 264 to 360 square feet of building area. The comparables have the same assessment neighborhood code as the subject property. These properties have improvement assessments ranging from \$38,739 to \$58,018 or from \$27.55 to \$41.09 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparables similar to the subject in location, and style. The Board finds the best evidence of assessment equity to be appellant's comparable #2 and board of review comparables #1 through #3 as these comparables are improved with homes most similar to the subject dwelling in size and features. The Board finds that two of these comparables have unfinished basements whereas the subject has finished basement area and would require upward adjustments to make them more equivalent to the subject property. These four comparables have improvement assessments that range from \$39,871 to \$58,018 or from \$30.16 to \$41.09 per square foot of living area. The subject's improvement assessment of \$49,087 or \$35.88 per square foot of living area falls within the range established by the best comparables in this record. Less weight is given the remaining comparables due to differences from the subject dwelling in size and/or differences in foundation. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
