

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rick Smith
DOCKET NO.: 19-03892.001-R-1
PARCEL NO.: 16-21-403-001

The parties of record before the Property Tax Appeal Board are Rick Smith, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$109,713
IMPR.: \$127,603
TOTAL: \$237,316

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,784 square feet of living area. The dwelling was built in 1978 and is approximately 41 years old. Features of the home include an unfinished full basement, central air conditioning, one fireplace and an attached garage with 756 square feet of building area. The property has a 37,670 square foot site and is located in Highland Park, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 2,594 to 3,472 square feet of living area. The dwellings range in age from 41 to 77 years old. Each property has an unfinished partial or full basement, central air conditioning, one fireplace, and an attached garage ranging in size from 460 to 630 square feet of

building area. The comparables have the same assessment neighborhood code as the subject property. These properties have improvement assessments ranging from \$101,450 to \$140,217 or from \$34.28 to \$43.01 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$105,792.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$237,316. The subject property has an improvement assessment of \$127,603 or \$45.83 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 2,594 to 2,897 square feet of living area. The dwellings were built from 1976 to 1988. Each comparable has an unfinished full basement, central air conditioning, one or two fireplaces, and an attached garage ranging in size from 506 to 700 square feet of building area. The comparables have the same assessment neighborhood code as the subject property. These properties have improvement assessments ranging from \$90,933 to \$139,314 or from \$31.79 to \$52.77 per square foot of living area. Board of review comparable #3 is the same property as appellant's comparable #2, however, the board of review reports a lower improvement assessment on this property than does the appellant. Board of review comparable #4 is the same property as appellant's comparable #3.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six comparables to support their respective positions with two comparables being common to both parties. The Board gives less weight to the appellant's comparables #1 and #4 due to differences from the subject dwelling in size and age. The Board also gives less weight to appellant's comparable #2/board of review comparable #3 as the parties report a different improvement assessment for this comparable and the assessment seems to be an outlier when compared to the assessments of the other properties of similar size and age. The Board finds the best evidence of assessment equity to be appellant's comparable #3 and board of review comparables #1, #2 and #4, which includes a common property, as these comparables are improved with homes most similar to the subject dwelling in size, age and features. These three comparables have improvement assessments that range from \$101,450 to \$139,314 or from \$39.11 to \$52.77 per square foot of living area. The subject's improvement assessment of \$127,603 or \$45.83 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
