

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Elise Poulakidas
DOCKET NO.: 19-03898.001-R-1
PARCEL NO.: 16-18-102-012

The parties of record before the Property Tax Appeal Board are Elise Poulakidas, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$174,874
IMPR.: \$355,814
TOTAL: \$530,688

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 5,672 square feet of living area. The dwelling was constructed in 2001 and is approximately 18 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 920 square foot attached garage. The property has a 60,110 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with 1.8-story or 2-story dwellings of brick or wood siding exterior construction ranging in size from 4,121 to 6,998 square feet of living area. The dwellings range in age from 20 to 119 years old. Appellant's comparable #5 has a reported effective age of 24

years old. The appellant reported that each comparable has a full or partial basement, three of which have finished area. Each comparable has central air conditioning, one to three fireplaces and an attached garage that ranges in size from 675 to 1,467 square feet of building area. Appellant's comparable #5 also has a detached garage. The comparables have improvement assessments that range from \$231,163 to \$373,671 or from \$53.40 to \$58.95 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$319,872 or \$56.39 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$530,688. The subject property has an improvement assessment of \$355,814 or \$62.73 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 5,115 to 6,588 square feet of living area. The dwellings were built from 1997 to 2002. The board of review reported that each comparable has a full basement, three of which have a recreation room. Each comparable has central air conditioning, two to four fireplaces and an attached garage that ranges in size from 840 to 1,256 square feet of building area. Board of review comparable #3 has an inground swimming pool. The comparables have improvement assessments that range from \$326,460 to \$421,941 or from \$61.32 to \$64.05 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1, #2 and #5 due to their dissimilar dwelling sizes and/or older ages, when compared to the subject dwelling. The Board gives reduced weight to board of review comparable #3 as it has an inground swimming pool, not a feature of the subject property. The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #3, along with board of review comparables #1, #2 and #4. These comparables are relatively similar to the subject in location, dwelling size, design, age and some features. The comparables have improvement assessments that range from \$338,616 to \$421,941 or from \$56.14 to \$64.05 per square foot of living area. The subject's improvement assessment of \$355,814 or \$62.73 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did

not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
