

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Roslyn Nitzberg  
DOCKET NO.: 19-03913.001-R-1  
PARCEL NO.: 16-09-215-001

The parties of record before the Property Tax Appeal Board are Roslyn Nitzberg, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$94,381  
**IMPR.:** \$118,941  
**TOTAL:** \$213,322

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,545 square feet of living area. The dwelling was built in 1964 and is approximately 55 years old. Features of the home include a partially finished partial basement, central air conditioning, two fireplaces, and an attached garage with 484 square feet of building area. The property has a 22,446 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with two-story dwellings of wood siding or brick exterior construction ranging in size from 2,155 to 2,949 square feet of living area. The dwellings range in age from 53 to 66 years old. Each property has a basement with three having finished area, central air conditioning, one or two fireplaces, and an attached garage ranging in size from 420 to 483

square feet of building area. The comparables have the same assessment neighborhood code as the subject property. These properties have improvement assessments ranging from \$94,193 to \$128,631 or from \$41.44 to \$43.71 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$108,353.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$213,322. The subject property has an improvement assessment of \$118,941 or \$46.74 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with two-story dwellings of brick, or brick and wood siding exterior construction ranging in size from 2,496 to 2,580 square feet of living area. The dwellings were built from 1958 to 1965. Each comparable has a basement with three having finished area, central air conditioning, one or two fireplaces, and an attached garage ranging in size from 506 to 546 square feet of building area. The comparables have the same assessment neighborhood code as the subject property. These properties have improvement assessments ranging from \$116,485 to \$131,403 or from \$46.63 to \$51.29 per square foot of living area.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparables to support their respective positions. The Board gives less weight to the appellant's comparables due to differences from the subject dwelling in size. The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review comparable as these comparables are improved with homes most similar to the subject dwelling in size. The board of review comparables have improvement assessments that range from \$116,485 to \$131,403 or from \$46.63 to \$51.29 per square foot of living area. The subject's improvement assessment of \$118,941 or \$46.74 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
