

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Medica
DOCKET NO.: 19-03915.001-R-1
PARCEL NO.: 16-09-209-002

The parties of record before the Property Tax Appeal Board are Robert Medica, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$91,266
IMPR.: \$160,882
TOTAL: \$252,148

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of brick exterior construction with 3,392 square feet of living area. The dwelling was built in 1961 and is approximately 58 years old. Features of the home include a full basement with a recreation room, central air conditioning, one fireplace and an attached garage with 600 square feet of building area. The property has a 20,100 square foot site and is located in Lake Forest, Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 2,815 to 3,413 square feet of living area. The dwellings range in age from 52 to 66 years old. Each comparable has full or partial basement with finished area, central air

conditioning, one or two fireplaces, and an attached garage ranging in size from 440 to 630 square feet of building area. The comparables have the same assessment neighborhood code as the subject property. These properties have improvement assessments ranging from \$117,177 to \$137,357 or from \$40.18 to \$41.67 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$139,750.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject property's total assessment of \$252,148. The subject property has an improvement assessment of \$160,882 or \$47.43 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with two-story dwellings of brick exterior construction ranging in size from 3,356 to 3,491 square feet of living area. The dwellings were built from 1965 to 1968. Each comparable has a basement with two having finished area, central air conditioning, and an attached garage ranging in size from 484 to 918 square feet of building area. Four comparables have one or two fireplaces. The comparables have the same assessment neighborhood code as the subject property. These properties have improvement assessments ranging from \$164,381 to \$170,636 or from \$47.09 to \$49.59 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparables to support their respective positions. The Board gives less weight to appellant's comparables #2 and #3 due to differences from the subject dwelling in age and size. The Board finds the remaining comparables are most similar to the subject dwelling in age, size, and relative features. These seven comparables have improvement assessments that range from \$137,134 to \$170,636 or from \$40.18 to \$49.59 per square foot of living area. The subject's improvement assessment of \$160,882 or \$47.43 per square foot of living area falls within the range established by the best comparables in this record.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed, and a reduction is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
