

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Matilda Manfredini
DOCKET NO.: 19-03928.001-R-1
PARCEL NO.: 16-15-211-003

The parties of record before the Property Tax Appeal Board are Matilda Manfredini, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$33,565
IMPR.: \$64,542
TOTAL: \$98,107

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story duplex of brick exterior construction with 2,128 square feet of living area. The dwelling was built in 1951 and is approximately 68 years old. Features of the home include an unfinished basement and a 448 square foot garage. The property has a 7,548 square foot site and is located in Highwood, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same neighborhood code as the subject. The comparables are described as 1.5-story or 2-story duplexes of wood siding or brick exterior construction ranging in size from 1,800 to 2,654 square feet of living area. The duplexes are 78 or 79 years old. Each comparable has an unfinished basement and central air conditioning. Comparables #2 and #4 have garages with 462 and 231 square feet of building area, respectively. The comparables have

improvement assessments ranging from \$51,769 to \$67,924 or from \$24.56 to \$28.76 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$98,107. The subject property has an improvement assessment of \$64,542 or \$30.33 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located within the same neighborhood code as the subject. The comparables are described as two-story duplexes of brick or wood siding exterior construction ranging in size from 2,128 to 2,260 square feet of living area. The duplexes were constructed from 1938 to 1963. The comparables have unfinished basements. One comparable has central air conditioning. Each comparable has a garage ranging in size from 324 to 484 square feet of building area. The comparables have improvement assessments ranging from \$57,064 to \$74,106 or from \$25.25 to \$33.62 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables due to their differences in dwelling size when compared to the subject. In addition, two comparables each lack a garage which is a feature of the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which overall are more similar to the subject in location, dwelling size, design, age and features. These comparables have improvement assessments ranging from \$57,064 to \$74,106 or from \$25.25 to \$33.62 per square foot of living area. The subject's improvement assessment of \$64,542 or \$30.33 per square foot of living area is within the range established by the best comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
