

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Hubert Paraison
DOCKET NO.: 19-03930.001-R-1
PARCEL NO.: 16-26-217-011

The parties of record before the Property Tax Appeal Board are Hubert Paraison, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$63,682
IMPR.: \$39,359
TOTAL: \$103,041

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of brick exterior construction with 1,023 square feet of living area. The dwelling was constructed in 1927 and is approximately 92 years old. Features of the home include an unfinished basement, a fireplace and a 176 square foot garage. The property has a 10,000 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with a 1.75-story and three, 1.5-story dwellings of wood siding exterior construction that range in size from 1,316 to 1,581 square feet of living area and range in age from 92 to 97 years old. Each comparable has an unfinished basement, central air

conditioning, a fireplace, and a garage ranging in size from 176 to 480 square feet of building area. The comparables have improvement assessments ranging from \$43,907 to \$53,764 or from \$33.36 to \$34.59 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$103,041. The subject has an improvement assessment of \$39,359 or \$38.47 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 1.5-story dwellings of wood siding or stucco exterior construction that range in size from 888 to 1,286 square feet of living area and were built from 1910 to 1949 years old. The comparables have basements with one having a recreation room. Two comparables have central air conditioning. One comparable has a fireplace. Three comparables each have a garage ranging in size from 440 to 528 square feet of building area. The comparables have improvement assessments ranging from \$34,004 to \$53,209 or from \$37.62 to \$41.38 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables due to their significantly larger dwelling sizes when compared to the subject. The Board gave less weight to board of review comparables #2 and #5 due to differences in age and/or lack of garage when compared to the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #3, and #4 which overall are most similar to the subject in location, age, dwelling size and some features. These comparables have improvement assessments ranging from \$46,068 to \$47,459 or from \$37.62 to \$40.52 per square foot of living area. The subject has an improvement assessment of \$39,359 or \$38.47 per square foot of living area, which falls within the range on square foot basis established by the best comparables in this record but below the range on an overall basis. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
