

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Laura Kramer
DOCKET NO.: 19-03932.001-R-1
PARCEL NO.: 16-25-317-019

The parties of record before the Property Tax Appeal Board are Laura Kramer, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$53,362
IMPR.: \$52,987
TOTAL: \$106,349

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 1,215 square feet of living area. The dwelling was constructed in 1967 and is approximately 52 years old. Features of the home include an unfinished basement, central air conditioning, and a 280 square foot garage. The property has a 5,200 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with one-story dwellings of brick exterior construction that range in size from 1,075 to 1,536 square feet of living area and range in age from 62 to 94 years old. Each comparable has an unfinished basement, central air conditioning and one or two fireplaces.

One comparable has a garage with 400 square feet of building area. The comparables have improvement assessments ranging from \$39,123 to \$58,043 or from \$35.76 to \$37.79 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$106,349. The subject has an improvement assessment of \$52,987 or \$43.61 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables that are located within the same assessment neighborhood code as the subject. The comparables are improved with one-story dwellings of wood siding or brick exterior construction that range in size from 1,118 to 1,260 square feet of living area and were built from 1953 to 1963. Comparable #3 has an effective age of 1972. The comparables have basements with two having recreation rooms. Three comparables have central air conditioning. Three comparables each have a fireplace and four comparable have garages ranging in size from 345 to 504 square feet of building area. The comparables have improvement assessments ranging from \$45,341 to \$59,376 or from \$40.56 to \$49.32 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gave less weight to appellant's comparables #1 and #4 due their larger dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are relatively similar to the subject in location, age, dwelling size and some features. These comparables have improvement assessments ranging from \$39,123 to \$59,376 or from \$36.23 to \$49.32 per square foot of living area. The subject has an improvement assessment of \$52,987 or \$43.61 per square foot of living area, which falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
