

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Richard & Linda Nelson  
DOCKET NO.: 19-03937.001-R-1  
PARCEL NO.: 16-08-209-011

The parties of record before the Property Tax Appeal Board are Richard & Linda Nelson, the appellants, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$90,444  
**IMPR.:** \$158,533  
**TOTAL:** \$248,977

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 3,185 square feet of living area. The dwelling was constructed in 1976 and is approximately 43 years old. Features of the home include an unfinished basement, central air conditioning, two fireplaces, a greenhouse and a 798 square foot garage. The property has a 19,000 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellants submitted information on four equity comparables located within the same neighborhood code as the subject. The comparables are improved with a 1.75-story and three, 2-story dwellings of brick or wood siding exterior construction that range in size from 2,685 to 3,309 square feet of living area and range in age from 31 to 63 years old. The comparables each have an unfinished basement, central air

conditioning, and a garage ranging in size from 480 to 675 square feet of building area. Three comparables each have one fireplace. The comparables have improvement assessments ranging from \$116,077 to \$140,162 or from \$40.55 to \$44.24 per square foot of living area. Based on this evidence, the appellants requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$248,977. The subject has an improvement assessment of \$158,533 or \$49.77 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding or brick and wood siding exterior construction ranging in size from 3,024 to 3,576 square feet of living area and were built from 1984 to 1986. The comparables have unfinished basements, central air conditioning, one or two fireplaces, and garages ranging in size from 462 to 600 square feet of building area. Board of review comparable #3 has an inground swimming pool. The comparables have improvement assessments ranging from \$133,320 to \$176,511 or from \$42.47 to \$53.00 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellants contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gave less weight to appellants' comparables #1 and #3 due to their differences in age or dwelling size when compared to the subject. The Board gave less weight to board of review comparable #3 which has an inground swimming pool, not a feature of the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in location, design, age, dwelling size and features. These comparables have improvement assessments ranging from \$139,718 to \$176,511 or from \$42.36 to \$53.00 per square foot of living area. The subject has an improvement assessment of \$158,533 or \$49.77 per square foot of living area, which is within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellants did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
