

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Peter Mordini
DOCKET NO.: 19-03939.001-R-1
PARCEL NO.: 16-23-307-004

The parties of record before the Property Tax Appeal Board are Peter Mordini, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$47,487
IMPR.: \$60,595
TOTAL: \$108,082

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 1,359 square feet of living area. The dwelling was constructed in 1950 and is approximately 69 years old. Features of the home include a basement with a recreation room, central air conditioning, a fireplace, and a 528 square foot garage. The property has an 8,290 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same neighborhood code as the subject. The comparables are improved with one-story dwellings of brick or wood siding exterior construction that range in size from 883 to 1,501 square feet of living area and range in age from 68 to 82 years old. The comparables have unfinished basements, two comparables have central air conditioning, each

comparable has a fireplace and three comparables have garages ranging in size from 216 to 360 square feet of building area. The comparables have improvement assessments ranging from \$32,859 to \$54,700 or from \$35.12 to \$37.21 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$108,082. The subject has an improvement assessment of \$60,595 or \$44.59 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same neighborhood code as the subject. The comparables are improved with one-story dwellings of brick or wood siding exterior construction ranging in size from 1,203 to 1,378 square feet of living area and were built from 1950 to 1961. Comparable #2 has an effective age of 1980. The comparables have basements, two of which have recreation rooms. Each comparable has central air conditioning. Three comparables have one or two fireplaces and three comparables have garages ranging in size from 308 to 440 square feet of building area. The comparables have improvement assessments ranging from \$54,331 to \$69,302 or from \$45.16 to \$53.60 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables due to their lack of central air conditioning, lack of a garage or smaller dwelling size when compared to the subject. The Board also gave less weight to board of review comparable #2 which lacks a garage, a feature of the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #3 and #4 which are similar to the subject in location, design, age, dwelling size and most features. These comparables have improvement assessments ranging from \$54,331 to \$62,444 or from \$45.16 to \$48.91 per square foot of living area. The subject has an improvement assessment of \$60,595 or \$44.59 per square foot of living area, which is within the range established by the best comparables in this record on an overall basis but below the range on a square foot basis. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
