

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brad Wirtz
DOCKET NO.: 19-03941.001-R-1
PARCEL NO.: 16-23-106-008

The parties of record before the Property Tax Appeal Board are Brad Wirtz, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$50,677
IMPR.: \$59,540
TOTAL: \$110,217

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,112 square feet of living area. The dwelling was constructed in 1903 and is approximately 116 years old. Features of the home include an unfinished basement and a 360 square foot garage. The property has approximately a 9,140 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables, two of which located within the same assessment neighborhood code as the subject. The comparables are improved with 1.5-story, 2-story or 2.5-story dwellings of stucco, brick or wood siding exterior construction that range in size from 1,968 to 2,555 square feet of living area and range in age from 68 to 110 years old. The comparable have basements, two of

which have finished area. All comparables have central air conditioning and garages that have either 209 or 361 square feet of building area. Two comparables each have a fireplace. The comparables have improvement assessments ranging from \$32,908 to \$64,890 or from \$16.72 to \$25.40 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$110,217. The subject has an improvement assessment of \$59,540 or \$28.19 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story dwellings of wood siding or brick exterior construction that range in size from 2,088 to 2,166 square feet of living area and were built from 1907 to 1927. The comparables have unfinished basements, three comparables have central air conditioning, two comparables each have a fireplace and each comparable has a garage ranging in size from 280 to 660 square feet of building area. The comparables have improvement assessments ranging from \$60,577 to \$66,930 or from \$28.76 to \$30.90 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables due to their difference in age or dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables. These comparables are more similar to the subject in location, age, dwelling size and most features. These comparables have improvement assessments ranging from \$60,577 to \$66,930 or from \$28.76 to \$30.90 per square foot of living area. The subject has an improvement assessment of \$59,540 or \$28.19 per square foot of living area, which falls below the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
