

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stephen Kunkel
DOCKET NO.: 19-03946.001-R-1
PARCEL NO.: 16-29-319-026

The parties of record before the Property Tax Appeal Board are Stephen Kunkel, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$60,739
IMPR.: \$68,556
TOTAL: \$129,295

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 1,693 square feet of living area. The dwelling was constructed in 1960 and is approximately 59 years old. Features of the home include a concrete slab foundation, central air conditioning and a 528 square foot garage. The property has a 17,424 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same neighborhood code as the subject. The comparables are improved with one-story dwellings of wood siding or brick exterior construction that range in size from 1,368 to 2,485 square feet of living area and range in age from 63 to 89 years old. Three comparables have concrete slab foundations and one comparable has an unfinished

basement. Two comparables have central air conditioning. Two comparables each have a fireplace. Each comparable has a garage ranging in size from 225 to 440 square feet of building area. The comparables have improvement assessments ranging from \$41,516 to \$87,311 or from \$30.35 to \$35.55 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$129,295. The subject has an improvement assessment of \$68,556 or \$40.49 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same neighborhood code as the subject. The comparables are improved with one-story dwellings of wood siding, brick, or brick and wood siding exterior construction ranging in size from 1,480 to 1,805 square feet of living area and were built from 1950 to 1958. Four comparables have basements with have recreation rooms and one comparable has a concrete slab foundation. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 264 to 504 square feet of building area. The comparables have improvement assessments ranging from \$61,226 to \$86,166 or from \$41.37 to \$54.57 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gave less weight to appellant's comparables #1, #2 and #4 along with board of review comparables #1, #2, #3 and #4 due to differences in age or foundation type when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #3 and board of review comparable #2 as both have similar foundation and are relatively similar to the subject in location, design, age, dwelling size and most features. However, both comparables have smaller garages. The comparables have improvement assessments of \$35.55 and \$41.37 per square foot of living area. The subject has an improvement assessment of \$40.49 per square foot of living area, which is bracketed by the two best comparables in this record on a per square foot basis. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
