

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ward Ross
DOCKET NO.: 19-03947.001-R-1
PARCEL NO.: 16-09-108-022

The parties of record before the Property Tax Appeal Board are Ward Ross, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$65,366
IMPR.: \$105,085
TOTAL: \$170,451

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 2,322 square feet of living area. The dwelling was built in 1965 and is approximately 54 years old. Features of the home include a concrete slab foundation, central air conditioning, two fireplaces and a 528 square foot garage. The property has a 12,750 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are described as two-story dwellings of wood siding exterior construction ranging in size from 2,272 to 2,734 square feet of living area. The dwellings range in age from 43 to 54 years old. Each comparable has a concrete slab foundation, central air conditioning, a fireplace,

and a garage ranging in size from 504 to 572 square feet of building area. The comparables have improvement assessments ranging from \$86,033 to \$112,266 or from \$37.87 to \$41.06 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$170,451. The subject property has an improvement assessment of \$105,085 or \$45.26 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject property. The comparables are described as two-story dwellings of wood siding or brick and wood siding exterior construction ranging in size from 2,320 to 2,346 square feet of living area. The dwellings were constructed from 1970 to 1976. One comparable has a basement and four comparables have concrete slab foundations. Each comparable has central air conditioning, four comparables each have a fireplace, and each comparable has a garage ranging in size from 380 to 525 square feet of building area. The comparables have improvement assessments ranging from \$81,256 to \$116,642 or from \$34.64 to \$50.28 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparable #3 due to its larger dwelling size when compared to the subject. The Board also gave less weight to board of review comparable #1 which has a basement foundation unlike the subject's concrete slab foundation.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are relatively similar to the subject in location, age, dwelling size and most features. These comparables have improvement assessments ranging from \$81,256 to \$104,746 or from \$34.64 to \$44.90 per square foot of living area. The subject's improvement assessment of \$105,085 or \$45.26 per square foot of living area falls slightly above the range established by the best comparables in the record. However, after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
