

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Zachary Solomon
DOCKET NO.: 19-03958.001-R-1
PARCEL NO.: 16-32-202-013

The parties of record before the Property Tax Appeal Board are Zachary Solomon, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$51,730
IMPR.: \$275,351
TOTAL: \$327,081

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 4,075 square feet of living area. The dwelling was built in 2008 and is approximately 11 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 630 square foot garage. The property has a 15,490 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same neighborhood code as the subject. The comparables are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 3,492 to 4,378 square feet of living area. The dwellings range in age from 15 to 18 years old. The comparables have full unfinished basements, central air conditioning, and a garage

ranging in size from 616 to 796 square feet of building area. Three comparables each have a fireplace. The comparables have improvement assessments ranging from \$192,388 to \$261,968 or from \$45.06 to \$65.88 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$327,081. The subject property has an improvement assessment of \$275,351 or \$67.57 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located within the same neighborhood code as the subject. The comparables are described as a one-story and four, two-story dwellings of brick or wood siding exterior construction ranging in size from 3,774 to 4,262 square feet of living area. The dwellings were constructed from 2004 to 2009. The comparables have full basements with two having recreation rooms. Each comparable has central air conditioning and a garage ranging in size from 550 to 862 square feet of building area. Four comparables each have a fireplace. The comparables have improvement assessments ranging from \$270,618 to \$349,021 or from \$68.20 to \$81.89 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparable #4 due to its difference in dwelling size when compared to the subject. The Board gave less weight to board of review comparable #1 due to its different style when compared to the subject and board of review comparables #3 and #5 which have basement recreation rooms unlike the subject's unfinished basement.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in location, style, age, dwelling size and features. These comparables have improvement assessments ranging from \$192,388 to \$292,570 or from \$45.06 to \$69.59 per square foot of living area. The subject's improvement assessment of \$275,351 or \$67.57 per square foot of living area is within the range established by the best comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
