

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kathryn and Michael Friedberg  
DOCKET NO.: 19-03963.001-R-1  
PARCEL NO.: 15-01-403-022

The parties of record before the Property Tax Appeal Board are Kathryn and Michael Friedberg, the appellants, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$153,271  
**IMPR.:** \$198,061  
**TOTAL:** \$351,332

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,136 square feet of living area. The dwelling was built in 2001 and is approximately 18 years old. Features of the home include a full basement with finished area, central air conditioning, a fireplace and a 462 square foot garage. The property has a 4,790 square foot site and is located in Lake Forest, Vernon Township, Lake County.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information on four equity comparables located within the same neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding exterior construction ranging in size from 3,136 to 3,645 square feet of living area. The dwellings are 17 years old. Each comparable has a full basement with finished area, central air conditioning, one or two fireplaces and a garage with

462 or 483 square feet of building area. The comparables have improvement assessments ranging from \$131,521 to \$148,463 or from \$38.96 to \$42.21 per square foot of living area. Based on this evidence, the appellants requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$351,332. The subject property has an improvement assessment of \$198,061 or \$63.16 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located within the same neighborhood code as the subject. The comparables are described as two-story dwellings of wood siding exterior construction with each having either 3,136 or 3,202 square feet of living area. The dwellings were constructed from 2001 to 2003. The comparables have full basements with recreation rooms. Other features of each comparable include central air conditioning, a fireplace, and a garage with either 462 or 483 square feet of building area. The comparables have improvement assessments ranging from \$198,805 to \$202,418 or from \$63.22 to \$64.18 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellants contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gave less weight to the appellants' comparables #1, #2, and #4 due to their larger dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellants' comparable #3 and the board of review comparables which are identical or nearly identical to the subject in age, dwelling size, and features. These comparables have improvement assessments ranging from \$131,521 to \$202,418 or from \$41.94 to \$64.18 per square foot of living area. The subject's improvement assessment of \$198,061 or \$63.16 per square foot of living area is within the range established by the best comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellants did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
