

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel Weber
DOCKET NO.: 19-03967.001-R-1
PARCEL NO.: 16-22-405-018

The parties of record before the Property Tax Appeal Board are Daniel Weber, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$51,984
IMPR.: \$67,887
TOTAL: \$119,871

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is described as a one-story dwelling of brick exterior construction with 1,667 square feet of living area. The dwelling was constructed in 1955 and is approximately 64 years old. Features of the home include a basement with a recreation room, central air conditioning, and a 260 square foot garage. The property has an 8,450 square foot site and is located in Highland Park, Moraine Township, Lake County

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are described as one-story dwellings of wood siding exterior construction that range in size from 1,380 to 1,512 square feet of living area and range in age from 69 to 72 years old. The comparables are reported to have basements with one having finished area. Each comparable has central air conditioning, one fireplace and a garage ranging in size from 280 to 480 square

feet of building area. The comparables have improvement assessments ranging from \$50,717 to \$53,195 or from \$34.07 to \$36.75 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$119,871. The subject has an improvement assessment of \$67,887 or \$40.72 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are described as one-story dwellings of wood siding, brick, or brick and wood siding exterior construction that range in size from 1,506 to 1,804 square feet of living area and were built from 1953 to 1965. Comparables #1 and #4 have effective ages of 1980 and 1957, respectively. The comparables are reported to have basements, with four having recreation rooms. Each comparable has central air conditioning and a garage ranging in size from 242 to 576 square feet of building area. Four comparables each have one or two fireplaces. The comparables have improvement assessments ranging from \$66,207 to \$81,202 or from \$40.62 to \$46.50 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration which are relatively similar to the subject in location, age, dwelling size and some features. However, four comparables lack finished basement area and four comparables have larger garages when compared to the subject. Nevertheless, the parties' comparables have improvement assessments ranging from \$50,933 to \$81,202 or from \$34.07 to \$46.50 per square foot of living area. The subject has an improvement assessment of \$67,887 or \$40.72 per square foot of living area, which falls within the range established by the comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
