

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Anderson
DOCKET NO.: 19-03971.001-R-1
PARCEL NO.: 15-12-304-002

The parties of record before the Property Tax Appeal Board are David Anderson, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$74,764
IMPR.: \$220,531
TOTAL: \$295,295

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 3,979 square feet of living area. The dwelling was built in 2001 and is approximately 18 years old. Features of the home include an unfinished basement, central air conditioning, three fireplaces and a 1,022 square foot garage. The property has a 29,620 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same neighborhood code as the subject. The comparables are described as two-story dwellings of brick, Dryvit or wood siding exterior construction ranging in size from 4,521 to 4,842 square feet of living area. The dwellings range in age from 19 to 28 years old. The comparables have basements, three of which have finished area. Each

comparable has central air conditioning, one or two fireplaces, and a garage ranging in size from 789 to 988 square feet of building area. The comparables have improvement assessments ranging from \$183,067 to \$253,215 or from \$40.30 to \$52.30 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$295,295. The subject property has an improvement assessment of \$220,531 or \$55.42 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code as the subject. The comparables are described as two, one-story and two, two-story dwellings of brick, Dryvit, or brick and Dryvit exterior construction ranging in size from 3,880 to 3,958 square feet of living area. The dwellings were constructed from 1998 to 2000. The comparables have basements with one having a recreation room. Each comparable has central air conditioning, one or two fireplaces, and a garage ranging in size from 789 to 884 square feet of building area. The comparables have improvement assessments ranging from \$212,982 to \$227,489 or from \$54.89 to \$57.48 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables due to their larger dwelling sizes when compared to the subject. The Board also gave less weight to board of review comparables #1 and #2 due to their dissimilar one-story designs when compared to the subject's two-story design.

The Board finds the best evidence of assessment equity to be board of review comparables #3 and 4 which overall are most similar to the subject in location, age, style, dwelling size and features. However, one comparable has a recreation room in the basement unlike the subject's unfinished basement. These comparables have improvement assessments of \$227,489 and \$212,982 or for \$57.48 and \$54.89 per square foot of living area. The subject's improvement assessment of \$220,531 or \$55.42 per square foot of living area is bracketed by the two best comparables in the record both on overall and per square foot bases. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
