

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert J. Achille
DOCKET NO.: 19-04059.001-R-1
PARCEL NO.: 14-14-203-003

The parties of record before the Property Tax Appeal Board are Robert J. Achille, the appellant, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$31,334
IMPR.: \$140,637
TOTAL: \$171,971

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,534 square feet of living area. The dwelling was constructed in 1985. Features of the home include a basement, central air conditioning, two fireplaces and a 936 square foot garage. The property has a 41,616 square foot site and is located in Hawthorn Woods, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of the overvaluation argument, the appellant submitted information on twenty comparable sales located from .06 to 1.66 miles from the subject. For ease of read, the second, third and fourth set of five comparables have been renumbered #6 through #20, respectively. The comparables have sites ranging in size from 39,712 to 72,617 square feet of land area. The comparables were described as two-story dwellings of frame, brick, or brick and frame exterior construction that were built from 1977 to 1994. The dwellings range in size from 2,542 to 4,038 square feet of living area. Each comparable has a basement, central air conditioning, one to three fireplaces and a garage

ranging in size from 420 to 963 square feet of building area. The comparables sold from February 2016 to October 2019 for prices ranging from \$343,500 to \$609,000 or from \$114.90 to \$182.57 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$171,971. The subject's assessment reflects a market value of \$522,867 or \$147.95 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on ten comparable sales that are duplicates of appellant's comparables #1 through #10. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The record contains twenty suggested comparable sales for the Board's consideration which includes the parties' ten common comparables. The Board gave less weight to appellant's comparables #1, #8, #9, #14, #16, #17, #19 and #20 due to their dated sales in 2016 and 2017 which includes three common comparables. The Board gave less weight to appellant's comparables #10, #13 and #15 which includes one common comparable due to their significantly smaller dwelling sizes when compared to the subject.

The Board finds the best evidence of market value to be the remaining comparables in the record which includes six common comparables. These comparables sold proximate in time the assessment date at issue and are relatively similar to the subject in location, age, dwelling size and features. The comparables have sale dates that occurred from March 2018 to September 2019 for prices ranging from \$400,000 to \$590,000 or from \$130.01 to \$163.09 per square foot of living area, including land. The subject's assessment reflects a market value of \$522,867 or \$147.95 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering adjustments to the best comparable sales for differences when compared to the subject, the Board finds the estimated market value as reflected by the assessment is supported and no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
