

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Claudia Gruber
DOCKET NO.: 19-04187.001-R-1
PARCEL NO.: 01-11-405-013

The parties of record before the Property Tax Appeal Board are Claudia Gruber, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,327
IMPR.: \$0
TOTAL: \$8,327

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a vacant site containing 6,098 square feet of land area. The property is located in Antioch, Antioch Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within the same assessment neighborhood code as the subject property. The comparables contain either 5,663 or 6,970 square feet of land area and have land assessments of either \$2,551 or \$3,141, or \$0.45 per square foot of land area. Based on this evidence, the appellant is requesting a reduction in the subject's land assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$8,327. The subject property has a land assessment of \$8,327 or \$1.37 per square foot of land area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same subdivision and the same assessment neighborhood code as the subject property. The board of review disclosed that the subject and each of the comparables are all channel-front lots. The comparables each contain either 5,663 or 6,534 square feet of land area and have land assessments of either \$7,732 or \$8,922 or \$1.37 per square foot of land area. Based on this evidence, the board of review is requesting confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted six equity comparables for the Board's consideration. The Board gives little weight to the appellant's comparables as the appellant did not provide evidence that his comparables are channel-front properties, like the subject, nor did the appellant refute the board of review's assertion that the subject has channel access.

The Board finds the best evidence of assessment equity to be the three comparables submitted by the board of review which are similar to the subject in lot size and channel-front location. These three comparables contain either 5,663 or 6,534 square feet of land area and have land assessments of either \$7,732 or \$8,922 or \$1.37 per square foot of land area. The subject's land assessment of \$8,327 or \$1.37 per square foot of land area is identical to the most similar comparables in this record on a per square foot basis. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject was inequitably assessed and, therefore, no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
