

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joseph Ivry
DOCKET NO.: 19-04243.001-R-1
PARCEL NO.: 15-32-408-022

The parties of record before the Property Tax Appeal Board are Joseph Ivry, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$29,064
IMPR.: \$61,084
TOTAL: \$90,148

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story frame townhome built in 1995. The dwelling contains 1,720 square feet of living area. Features of the home include a concrete slab foundation, central air conditioning, 2½ bathrooms, and a 400-square foot garage. The dwelling is located in Buffalo Grove, Vernon Township, Lake County.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted information on three comparable sales located within the same neighborhood code as the subject. The comparables consist of two-story frame townhomes that were built in 1995 and contain 1,808 or 2,122 square feet of living area. The comparables each have a concrete slab foundation, central air conditioning, 2½ or 3 bathrooms, and a 400-square foot garage. Two comparables each have one fireplace. The comparables sold in either March or May 2019 for prices ranging from \$269,900 to \$326,688 or from \$147.27 to \$153.95 per square foot of living

area, land included. Based on this evidence, the appellant requested an assessment reflecting a market value of approximately \$249,400 or \$145.00 per square foot of living area, land included.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$90,148. The subject's assessment reflects a market value of approximately \$270,089 or \$159.35 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales, with board of review comparable sales #2, #3 and #4 being the same properties as appellant's comparables #2, #1 and #3, respectively, the details of which were discussed above. Comparable #1 is a two-story frame townhome that was built in 1995 and contains 1,808 square feet of living area. The dwelling has a concrete slab foundation, central air conditioning, 2½ bathrooms, and a 400-square foot garage. This comparable sold in May 2018 for \$310,000 or \$171.46 per square foot of living area, land included. Based on the foregoing evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of four comparable sales to support their respective positions before the Property Tax Appeal Board, as three comparables were common to both parties. The Board gave less weight to appellant's comparable sales #1 and #3, which are the same properties as board of review comparables #3 and #4, respectively, which are both larger dwellings compared to the subject, have a fireplace, which the subject does not, and/or have an additional full bathroom when compared to the subject.

The Board finds that the two remaining comparables, which includes one of the parties' common comparables, are the best comparables submitted for the Board's consideration as they are identical or nearly identical to the subject in location, age, size, design, and features. These comparables sold in May 2018 and March 2019 for \$310,000 and \$269,900 or \$171.46 and \$149.28 per square foot of living area, land included, respectively. The subject's assessment reflects an estimated market value of \$270,089 or \$159.35 per square foot of living area, land included, which falls between the values of the best comparable sales in the record. After making adjustments to the comparables for differences from the subject, the Board finds no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
