

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Terry & Brooke Cheng
DOCKET NO.: 19-04297.001-R-1
PARCEL NO.: 15-29-312-011

The parties of record before the Property Tax Appeal Board are Terry & Brooke Cheng, the appellants, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$33,082
IMPR.: \$84,929
TOTAL: \$118,011

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a split-level dwelling of frame exterior construction with 1,332 square feet of above grade living area. The dwelling was constructed in 1972. Features of the home include a finished lower level, central air conditioning, a fireplace and a 567 square foot garage. The property has a 9,898 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellants contend overvaluation as the basis of the appeal. In support of this argument the appellants submitted information on six comparable sales located within 0.72 of a mile from the subject property. The comparables have sites that range in size from 8,775 to 10,464 square feet of land area and are improved with split-level dwellings of frame exterior construction that range in size from 1,332 to 1,556 square feet of above grade living area. The dwellings were built from 1969 to 1973. Each comparable has a finished lower level, central air conditioning, one

fireplace and a 567 square foot garage. The properties sold from December 2017 to July 2019 for prices ranging from \$300,000 to \$365,028 or from \$192.93 to \$243.99 per square foot of above grade living area, land included. Based on this evidence, the appellants requested the subject's assessment be reduced to \$108,769 which reflects a market value of \$326,340 or \$245.00 per square foot of above grade living area, land included, when applying the statutory assessment level of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$118,011. The subject's assessment reflects a market value of \$358,805 or \$269.37 per square foot of above grade living area, land included, when using the 2019 three year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within 0.54 of a mile from the subject property. The comparables have sites with 8,775 square feet of land area and are improved with split-level dwellings of frame exterior construction with 1,312 or 1,332 square feet of above grade living area. The homes were built in 1970 or 1972. Each comparable has a finished lower level, central air conditioning and a 567 square foot garage. Two comparables have central air conditioning. The properties sold from May 2018 to February 2019 for prices ranging from \$354,000 to \$382,500 or from \$269.82 to \$287.16 per square foot of above grade living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellants contend the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable sales for the Board's consideration. The Board gives less weight to the appellants' comparables #1, #2 and #4 which have larger dwelling sizes when compared to the subject and other comparables in the record.

The Board finds the best evidence of market value to be the remaining comparables which are more similar to the subject in location, age, design, dwelling size and most features. These comparables sold from December 2017 to February 2019 for prices ranging from \$310,000 to \$382,500 or from \$232.73 to \$287.16 per square foot of above grade living area, including land. The subject's assessment reflects a market value of \$358,805 or \$269.37 per square foot of above grade living area, including land, which falls within the range established by the best comparable sales in this record. After considering adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
