

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Teel
DOCKET NO.: 19-04311.001-R-1
PARCEL NO.: 15-28-311-017

The parties of record before the Property Tax Appeal Board are Mark Teel, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$40,282
IMPR.: \$109,836
TOTAL: \$150,118

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,252 square feet of living area. The dwelling was constructed in 1985. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 483 square foot garage. The property has an 11,280 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within 0.59 of a mile from the subject property. The comparables have sites that range in size from 8,756 to 12,918 square feet of land area and are improved with two-story dwellings of frame exterior construction that range in size from 2,064 to 2,279 square feet of living area. The dwellings were built in 1987 or 1988. Each comparable has a basement, two with finished area, central air conditioning, one or two

fireplaces and a garage with 400 or 440 square feet of building area. The properties sold from April 2018 to March 2019 for prices ranging from \$370,000 to \$407,100 or from \$176.53 to \$187.02 per square foot of living area, land included.

The appellant's grid analysis also included information on a September 2017 purchase of the subject property for a price of \$512,000 or \$227.35 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$140,361 which reflects a market value of \$421,125 or \$187.00 per square foot of living area, land included, when applying the statutory assessment level of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$150,118. The subject's assessment reflects a market value of \$456,424 or \$202.68 per square foot of living area, land included, when using the 2019 three year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within 0.58 of a mile from the subject property. The comparables have sites that range in size from 8,760 to 12,020 square feet of land area and are improved with two-story dwellings of wood siding exterior construction that have either 2,078 or 2,279 square feet of living area. The homes were built from 1985 to 1989. Each comparable has a basement, two with finished area, central air conditioning, one or two fireplaces and a garage with 400 or 440 square feet of building area. Comparable #1 also features an inground swimming pool. The properties sold from August 2018 to June 2019 for prices ranging from \$450,000 to \$520,000 or from \$209.74 to \$228.17 per square foot of living area, land included.

The board of review's grid analysis also contained recent sale information on the subject property, reporting the subject sold in September 2017 for a price of \$512,000 or \$227.35 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted ten comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #4 and #5 along with board of review comparables #1, #2 and #5 each of which has an unfinished basement, in contrast with the subject's finished basement. Board of review comparable #1 also has an inground pool, a feature lacking in the subject property.

The Board finds the best evidence of market value to be the remaining comparables which are more similar to the subject in location, age, design, dwelling size and features. These comparables sold from April 2018 to June 2019 for prices ranging from \$380,000 to \$520,000 or from \$178.63 to \$228.17 per square foot of living area, including land. The subject's assessment reflects a market value of \$456,424 or \$202.68 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record.

Furthermore, the subject's 2019 assessment reflects a market value below the subject's 2017 purchase price, suggesting the subject may, in fact, be underassessed. After considering adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
