

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael DiTommaso  
DOCKET NO.: 19-04312.001-R-1  
PARCEL NO.: 15-28-302-110

The parties of record before the Property Tax Appeal Board are Michael DiTommaso, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$18,528  
**IMPR.:** \$49,897  
**TOTAL:** \$68,425

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story condominium dwelling of frame exterior construction with 1,584 square feet of living area. The dwelling was constructed in 1989. Features of the home include a concrete slab foundation, central air conditioning, a fireplace and a 210 square foot garage. The property is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on six comparable sales, four of which are located within 0.16 of a mile from the subject property. The comparables are improved with one-story dwellings of frame exterior construction with 1,584 square feet of living area. The dwellings were built from 1983 to 1992. Each comparable has central air conditioning, a 210 square foot garage and four comparables each have one fireplace. The properties sold from November 2018 to May 2019 for

prices ranging from \$195,000 to \$218,500 or from \$123.11 to \$137.94 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$64,410 which reflects a market value of \$193,249 or \$122.00 per square foot of living area, land included, when applying the statutory assessment level of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$68,425. The subject's assessment reflects a market value of \$208,042 or \$131.34 per square foot of living area, land included, when using the 2019 three year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within 0.25 of a mile from the subject property. The comparables are improved with one-story dwellings with 1,584 square feet of living area. The homes were built from 1983 to 1989. Each comparable has a concrete slab foundation, central air conditioning and a 210 square foot garage. Three comparables each have one fireplace. The properties sold from January 2018 to May 2020 for prices ranging from \$215,000 to \$246,000 or from \$135.73 to \$155.30 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eleven comparable sales for the Board's consideration. The Board gives less weight to the board of review's comparable #2 which sold 16 months after the January 1, 2019 assessment date at issue.

The Board finds the best evidence of market value to be the remaining comparables which are nearly identical to the subject in location, age, dwelling size and features. These comparables sold from January 2018 to May 2019 for prices ranging from \$195,000 to \$230,000 or from \$123.11 to \$145.20 per square foot of living area, including land. The subject's assessment reflects a market value of \$208,042 or \$131.34 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
