

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ann Shen
DOCKET NO.: 19-04313.001-R-1
PARCEL NO.: 15-28-219-007

The parties of record before the Property Tax Appeal Board are Ann Shen, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$37,982
IMPR.: \$187,653
TOTAL: \$225,635

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 3,576 square feet of living area. The dwelling was constructed in 2011. Features of the home include a basement with finished area, central air conditioning and a 630 square foot garage. The property has a 9,150 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located from 0.06 to 2.02 miles from the subject property. The comparables have sites that range in size from 10,019 to 21,923 square feet of land area and are improved with two-story dwellings of frame or brick and frame exterior construction that range in size from 3,486 to 4,186 square feet of living area. The dwellings were built from 1988 to 2015. Each comparable has a basement, two with finished area, central

air conditioning, one fireplace and a garage ranging in size from 668 to 792 square feet of building area.¹ Comparable #1 also features a 1,000 square foot patio area. The properties sold from April 2018 to July 2019 for prices ranging from \$649,000 to \$760,000 or from \$155.95 to \$212.53 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$213,347 which reflects a market value of \$640,105 or \$179.00 per square foot of living area, land included, when applying the statutory assessment level of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$225,635. The subject's assessment reflects a market value of \$686,029 or \$191.84 per square foot of living area, land included, when using the 2019 three year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within 0.60 of a mile from the subject property. Board of review comparables #1 and #2 are the same properties as the appellant's comparables #2 and #4. The comparables have sites that range in size from 10,020 to 13,070 square feet of land area and are improved with two-story dwellings of brick, wood siding or brick and wood siding exterior construction that range in size from 3,152 to 3,741 square feet of living area. The homes were built from 1995 to 2015. Each comparable has an unfinished basement, central air conditioning, one fireplace and a garage ranging in size from 654 to 748 square feet of building area. The properties sold from April to August 2018 for prices ranging from \$645,000 to \$760,000 or from \$183.11 to \$219.54 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains six comparable sales for the Board's consideration as two properties were common to both parties. The Board gives less weight to the appellant's comparables #1 and #3 along with board of review comparables #3 and #4 which are located two miles from the subject property and/or have substantially older construction when compared to the subject's year built of 2011.

The Board finds the best evidence of market value to be the two common comparables which are similar to the subject in location, age, design and dwelling size, but differ from the subject in each having an unfinished basement when compared to the subject's finished basement. These

¹ The appellant's grid analysis depicts comparable #4 as having a finished basement. The Multiple Listing Service sheet for this sale, submitted by the appellant, describes this property as having an unfinished basement.

comparables sold in June and April 2018 for prices of \$685,000 and \$760,000 or for \$183.11 and \$212.53 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of \$686,029 or \$191.84 per square foot of living area, including land, which is bracketed by the two best comparable sales in this record. After considering adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
