

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Xiancheng Iu  
DOCKET NO.: 19-04372.001-R-1  
PARCEL NO.: 15-24-309-023

The parties of record before the Property Tax Appeal Board are Xiancheng Iu, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$69,410  
**IMPR.:** \$312,348  
**TOTAL:** \$381,758

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 4,874 square feet of living area. The dwelling was constructed in 2009. Features of the home include a basement with finished area, central air conditioning, four fireplaces and a 1,013 square foot garage. The subject also includes an enclosed porch and a balcony. The property has a 47,920 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within 1.43 miles from the subject property. The comparables have sites with either 20,038 or 22,136 square feet of land area and are improved with two-story dwellings of frame or brick exterior construction that range in size from 3,924 to 4,729 square feet of living area. The dwellings were built from 1985 to 2007. Each comparable has a basement with finished area, central air conditioning, one or two

fireplaces and a garage ranging in size from 576 to 851 square feet of building area. The properties sold from July 2018 to August 2019 for prices ranging from \$650,000 to \$1,049,000 or from \$165.65 to \$221.82 per square foot of living area, land included. The appellant's grid analysis included a prior June 2016 sale of the subject for \$1,380,000 or \$283.14 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$308,656 which reflects a market value of \$926,061 or \$190.00 per square foot of living area, land included, when applying the statutory assessment level of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$381,758. The subject's assessment reflects a market value of \$1,160,711 or \$238.14 per square foot of living area, land included, when using the 2019 three year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within 1.19 miles from the subject property. Board of review comparable #1 is the same property as the appellant's comparable #4. The comparables have sites that range in size from 20,040 to 46,560 square feet of land area and are improved with one-story or two-story dwellings of stone, brick or Dryvit and brick exterior construction that range in size from 4,253 to 5,718 square feet of living area. The homes were built from 2002 to 2017. Each comparable has a basement with finished area, central air conditioning, one to four fireplaces and a garage ranging in size from 752 to 1,017 square feet of building area. The properties sold from June 2018 to June 2019 for prices ranging from \$1,049,000 to \$1,305,000 or from \$221.82 to \$256.60 per square foot of living area, land included.

The board of review grid analysis reiterated the subject's prior June 2016 sale for a price of \$1,380,000 or \$283.14 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

As an initial matter, the Board finds that the prior 2016 sale of the subject property occurred more than 30 months prior to the January 1, 2019 assessment date at issue. Therefore, little weight is given to the subject's prior sale as it is dated and less likely to reflect current market value.

The record contains seven comparable sales for the Board's consideration, as one property was common to both parties. The Board gives less weight to the appellant's comparables #1, #2 and

#3 along with board of review comparable #4 which are dissimilar to subject in age and/or dwelling size.

The Board finds the best evidence of market value to be the remaining comparables which are more similar to the subject in location, age and dwelling size but have varying degrees of similarity to the subject in land area and design. These comparables sold from October 2018 to June 2019 for prices ranging from \$1,049,000 to \$1,179,063 or from \$221.82 to \$256.60 per square foot of living area, including land. The subject's assessment reflects a market value of \$1,160,711 or \$238.14 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
