

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Debra Owens
DOCKET NO.: 19-04412.001-R-1
PARCEL NO.: 14-32-105-007

The parties of record before the Property Tax Appeal Board are Debra Owens, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$42,625
IMPR.: \$188,091
TOTAL: \$230,716

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,772 square feet of living area. The dwelling was constructed in 1987. Features of the home include an unfinished basement, central air conditioning, two fireplaces and a 726 square foot garage. The property has a 43,941 square foot site and is located in Deer Park, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable properties. Comparables #1, #2 and #3 included sales information while comparable #4 lacked sale data. Therefore, the appellant's comparable #4 shall not be further analyzed. The three comparable sales are located within 1.41 miles from the subject property. The comparables have sites that range in size from 42,647 to 63,886 square feet of land area and are improved with two-story dwellings of brick or frame

exterior construction that range in size from 3,474 to 3,988 square feet of living area. The dwellings were built from 1976 to 1991. Each comparable has an unfinished basement, central air conditioning, one or three fireplaces and a garage ranging in size from 693 to 726 square feet of building area. The properties sold from June 2017 to August 2019 for prices ranging from \$586,600 to \$615,000 or from \$154.21 to \$175.59 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$207,439 which reflects a market value of \$622,379 or \$165.00 per square foot of living area, land included, when applying the statutory assessment level of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$230,716. The subject's assessment reflects a market value of \$701,478 or \$185.97 per square foot of living area, land included, when using the 2019 three year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within 1.19 miles from the subject property. The comparables have sites that range in size from 37,570 to 52,170 square feet of land area and are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 3,590 to 4,166 square feet of living area. The homes were built from 1982 to 1994. Each comparable has an unfinished basement, central air conditioning, two or three fireplaces and a garage ranging in size from 851 to 1,607 square feet of building area. Comparable #4 also features an inground swimming pool. The properties sold from May 2019 to June 2020 for prices ranging from \$685,000 to \$810,000 or from \$177.05 to \$195.54 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparable sales for the Board's consideration, as the appellant's comparable #4 lacked sale information. The Board gives less weight to the appellant's comparables due to either an older age than the subject, a distance greater than one mile from the subject or a sale date in 2017, less proximate in time to the January 1, 2019 assessment date at issue than other comparables in the record. The Board also gives reduced weight to the board of review comparables #3 and #4 which sold in 2020, more than 12 month after the assessment date at issue, is located more than one mile from the subject and/or features an inground swimming pool, an amenity lacking in the subject property improvements.

The Board finds the best evidence of market value to be the remaining comparables which are more similar to the subject in location, age, design, dwelling size and most features. These

comparables sold in May and July 2019 for prices of \$702,000 and \$685,000 or for \$195.54 and \$177.05 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of \$701,478 or \$185.97 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
