

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kevin Kowal
DOCKET NO.: 19-04424.001-R-1
PARCEL NO.: 14-28-102-008

The parties of record before the Property Tax Appeal Board are Kevin Kowal, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,486
IMPR.: \$98,937
TOTAL: \$115,423

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a split-level dwelling of frame exterior construction with 1,768 square feet of above grade living area. The dwelling was constructed in 1976. Features of the home include a lower level with finished area, central air conditioning, a fireplace and a 546 square foot garage. The property has an 8,211 square foot site and is located in Lake Zurich, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within 0.31 of a mile from the subject property. The comparables have sites that range in size from 8,870 to 13,427 square feet of land area and are improved with split-level dwellings of frame exterior construction that range in size from 1,636 to 1,768 square feet of above grade living area. The dwellings were built from 1973 to 1977. Each comparable has a lower level with finished area and comparable #3

also has an unfinished basement. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 460 to 546 square feet of building area. The properties sold from June 2018 to June 2019 for prices ranging from \$310,000 to \$355,000 or from \$175.34 to \$200.79 per square foot of above grade living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$108,426 which reflects a market value of \$325,311 or \$184.00 per square foot of above grade living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$115,423. The subject's assessment reflects a market value of \$350,936 or \$198.49 per square foot of above grade living area, land included, when using the 2019 three year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on the same four comparable sales submitted by the appellant and previously described. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted four comparable sales for the Board's consideration as both parties submitted the same four properties. The Board gives less weight to the appellant's comparable #3/board of review #2 which has a larger site size than the subject and an unfinished basement, a feature lacking in the subject property's improvements.

The Board finds the best evidence of market value to be the remaining comparables which are more similar to the subject in location, age, design, dwelling size and features. These comparables sold from June 2018 to June 2019 for prices ranging from \$310,000 to \$355,000 or from \$175.34 to \$200.79 per square foot of above grade living area, including land. The subject's assessment reflects a market value of \$350,936 or \$198.49 per square foot of above grade living area, including land, which falls within the range established by the best comparable sales in this record. After considering adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
