

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Decorative Industries  
DOCKET NO.: 19-04438.001-R-1  
PARCEL NO.: 15-23-301-008

The parties of record before the Property Tax Appeal Board are Decorative Industries, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$32,697  
**IMPR.:** \$90,749  
**TOTAL:** \$123,446

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of wood siding and brick exterior construction with 2,215 square feet of living area. The dwelling was constructed in 1977. Features of the home include a concrete slab foundation, central air conditioning, a fireplace and a 638 square foot garage. The property is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within the same neighborhood code as the subject. The comparables are described as one-story dwellings of wood siding exterior construction with each having 2,563 square feet of living area. The dwellings were built in 1977. Each comparable has a concrete slab foundation, central air conditioning, a fireplace and a 484 square foot garage. The

comparables have improvement assessments ranging from \$100,069 to \$100,767 or from \$39.04 to \$39.32 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$125,176. The subject property has an improvement assessment of \$92,479 or \$41.75 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located within the same neighborhood code as the subject. The comparables are described as one-story dwellings of wood siding or wood siding and brick exterior construction with each having 2,215 square feet of living area. The dwellings were constructed in 1977. Each comparable has a concrete slab foundation, central air conditioning, a fireplace, and a garage with 638 square feet of building area. The comparables have improvement assessments ranging from \$90,479 to \$91,451 or from \$40.85 to \$41.29 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the evidence in the record indicates a reduction in the subject's assessment is warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables due to their larger dwelling sizes and smaller garages when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which are identical to the subject in age, dwelling size, and features. These comparables have improvement assessments ranging from or from \$90,479 to \$91,451 or from \$40.85 to \$41.29 per square foot of living area. The subject's improvement assessment of \$92,479 or \$41.75 per square foot of living area falls above the range established by the best comparables in the record. Based on this evidence, the Board finds a reduction in the subject's improvement assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
