

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kenneth Smith  
DOCKET NO.: 19-04500.001-R-1  
PARCEL NO.: 11-32-214-007

The parties of record before the Property Tax Appeal Board are Kenneth Smith, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$43,770  
**IMPR.:** \$151,321  
**TOTAL:** \$195,091

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick and frame exterior construction with 3,591 square feet of living area. The dwelling was constructed in 1999. Features of the home include an unfinished basement, central air conditioning, and a 750 square foot garage. The property has a 12,050 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within .73 miles from the subject. The comparables have sites ranging in size from 9,900 to 13,357 square feet of land area and are improved with two-story dwellings of frame or brick and frame exterior construction that were built from 1998 to 2002. The dwellings range in size from 3,163 to 3,321 square feet of living area. Each comparable has an unfinished basement, central air conditioning,

one or two fireplaces and a garage ranging in size from 440 to 649 square feet of building area. The comparables sold from January to October 2018 for prices ranging from \$472,500 to \$545,000 or from \$147.55 to \$169.31 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$195,091. The subject's assessment reflects a market value of \$593,162 or \$165.18 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales located within .82 miles from the subject. Board of review comparable #1 is a duplicate of appellant's comparable #5. The board of review comparables have sites ranging in size from 9,900 to 13,220 square feet of land area and are improved with two-story dwellings of brick or wood siding exterior construction that were built from 1998 to 2001. The dwellings have 3,039 to 3,385 square feet of living area. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces, and a garage ranging in size from 430 to 656 square feet of building area. The comparables sold from February 2018 to April 2019 for prices ranging from \$545,000 to \$605,000 or from \$169.31 to \$179.34 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested comparable sales for the Board's consideration which includes one comparable common to both parties. These comparables are relatively similar to the subject in location, site size, style, age, dwelling size, and features. The comparables sold from January 2018 to April 2019 for prices ranging from \$472,500 to \$605,000 or from \$147.55 to \$179.34 per square foot of living area, including land. The subject's assessment reflects a market value of \$593,162 or \$165.18 per square foot of living area, including land, which falls within the range established by the comparable sales in this record. After considering adjustments to the comparable sales for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified based on overvaluation.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
