

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tom Zhuang
DOCKET NO.: 19-04508.001-R-1
PARCEL NO.: 11-32-107-004

The parties of record before the Property Tax Appeal Board are Tom Zhuang, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$48,632
IMPR.: \$126,351
TOTAL: \$174,983

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and frame exterior construction with 3,065 square feet of living area. The dwelling was constructed in 1999. Features of the home include a walk out basement, central air conditioning, a fireplace and a 672 square foot garage. The property has a 10,624 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales located from .04 of a mile to one mile from the subject property, two of which are located within the same assessment neighborhood code as the subject. The comparables have sites that range in size from 10,020 to 14,867 square feet of land area. The comparables are improved with two-story dwellings of brick and frame exterior construction ranging in size from 2,896 to 3,214 square feet of living area. The

dwellings were built from 1999 to 2001. The appellant reported that the comparables each have a basement, one of which is a walk out design. Each comparable has central air conditioning, a fireplace and a garage that ranges in size from 430 to 688 square feet of building area. The properties sold from January 2018 to May 2019 for prices ranging from \$452,500 to \$538,000 or from \$150.90 to \$168.39 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$165,493, which would reflect a market value of \$496,529 or \$162.00 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$174,983. The subject's assessment reflects a market value of \$532,025 or \$173.58 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted a grid analysis and property record cards for the subject and five comparable sales located from .09 to .43 of a mile from the subject property. Four of the comparables are within the same assessment neighborhood code as the subject, three of which are also located on the same street as the subject. The board of review's comparable #5 is a duplicate of the appellant's comparable #5. The comparables have sites that range in size from 9,900 to 12,070 square feet of land area. The comparables are improved with two-story dwellings of brick exterior construction ranging in size from 2,721 to 3,293 square feet of living area. The dwellings were built from 1997 to 1999, with comparable #2 having a reported effective age of 2003. The comparables each have a basement, one of which is an English style according to its property record card. Each comparable has central air conditioning and a garage that ranges in size from 420 to 649 square feet of building area. Four comparables each have one or two fireplaces. The properties sold from March 2018 to September 2019 for prices ranging from \$538,000 to \$550,000 or from \$167.02 to \$197.72 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested comparable sales for the Board's consideration, as one sale was common to both parties. The Board gives less weight to the appellant's comparable #1 due to its distant location from the subject being a mile away.

The Board finds the best evidence of market value to be the parties' remaining comparables. These comparables are relatively similar to the subject in location, dwelling size, design, age and most features. The comparables sold from February 2018 to September 2019 for prices ranging

from \$452,500 to \$550,000 or from \$150.90 to \$197.72 per square foot of living area, including land. The subject's assessment reflects a market value of \$532,025 or \$173.58 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record both in terms of overall market value and on a price per square foot basis. After considering adjustments to the comparables for differences from the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
