

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kristina Furlett
DOCKET NO.: 19-04597.001-R-1
PARCEL NO.: 15-34-200-475

The parties of record before the Property Tax Appeal Board are Kristina Furlett, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$25,431
IMPR.: \$68,520
TOTAL: \$93,951

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 1,944 square feet of living area. The dwelling was constructed in 1978. Features of the home include a basement with finished area, central air conditioning and a 440 square foot garage. The property is located in Deerfield, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within 0.17 of a mile from the subject property. Each of the comparables is improved with a two-story dwelling of wood siding exterior construction with 1,944 square feet of living area that was built in 1978. Each comparable has a basement, one with finished area, central air conditioning and a 440 square foot garage. The properties sold from February to July 2018 for prices ranging from \$273,222 to \$284,800 or from \$140.55 to \$146.50 per square foot of living area, land included. Based on this

evidence, the appellant requested the subject's assessment be reduced to \$88,119 which reflects a market value of \$264,383 or \$136.00 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$93,951. The subject's assessment reflects a market value of \$282,652 or \$146.94 per square foot of living area, land included, when using the 2019 three year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located in the same assessment neighborhood code as the subject property. Board of review comparable #2 and the appellant's comparable #4 have the same parcel number and appear to be the same property despite two different reported street addresses. Each of the comparables is improved with a two-story dwelling of wood siding exterior construction with 1,944 square feet of living area. The dwellings were built from 1978 to 1980. Each comparable has an unfinished basement, central air conditioning and a 440 square foot garage. The properties sold from July 2018 to June 2019 for prices ranging from \$284,800 to \$367,500 or from \$146.50 to \$189.04 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains six comparable sales for the Board's consideration, as one comparable was common to both parties. The Board gives less weight to the board of review's comparable #3 which has a sale price and price per square foot that appear to be outliers with respect to the other comparables in the record.

The Board finds the best evidence of market value to be the remaining five comparables which are similar to the subject in location, age, dwelling size and most features. These comparables sold from February 2018 to June 2019 for prices ranging from \$273,222 to \$308,000 or from \$140.55 to \$158.44 per square foot of living area, including land. The subject's assessment reflects a market value of \$282,652 or \$146.94 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
