

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sai Peddinti
DOCKET NO.: 19-04605.001-R-1
PARCEL NO.: 15-33-402-125

The parties of record before the Property Tax Appeal Board are Sai Peddinti, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$28,395
IMPR.: \$164,092
TOTAL: \$192,487

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 3,180 square feet of living area. The dwelling was constructed in 2011. Features of the home include an unfinished basement, central air conditioning and a 400 square foot garage. The property has an 8,276 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on seven comparable sales located from 1.84 to 2.46 miles from the subject property, none of which are in the subject's assessment neighborhood code. The comparables have sites that range in size from 10,019 to 17,860 square feet of land area and are improved with two-story dwellings of frame exterior construction that range in size from 2,861 to 3,757 square feet of living area. The dwellings were built from 1996 to 2000. Each

comparable has a basement, four with finished area, central air conditioning and a garage ranging in size from 483 to 713 square feet of building area. Five comparables each have one fireplace. The properties sold from February 2018 to August 2019 for prices ranging from \$464,000 to \$656,000 or from \$152.77 to \$181.61 per square foot of living area, land included. The appellant provided the Multiple Listing Service (MLS) sheet associated with the sale of comparable #4. Based on this evidence, the appellant requested the subject's assessment be reduced to \$168,523 which reflects a market value of \$505,620 or \$159.00 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$192,487. The subject's assessment reflects a market value of \$585,245 or \$184.04 per square foot of living area, land included, when using the 2019 three year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located in a different assessment neighborhood code than the subject property. Board of review comparables #1, #4 and #5 are the same properties as the appellant's comparables #4, #7 and #6, respectively.¹ The comparables have sites that range in size from 10,020 to 14,370 square feet of land area and are improved with two-story dwellings of wood siding exterior construction that range in size from 3,001 to 3,243 square feet of living area. The homes were built from 1996 to 1998. Each comparable has a basement, three with finished area, central air conditioning and a garage ranging in size from 506 to 748 square feet of building area. Two of the comparables each have one fireplace. The properties sold from March 2018 to July 2019 for prices ranging from \$545,000 to \$692,000 or from \$169.60 to \$219.54 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine comparable sales for the Board's consideration, as three of the properties were common to both parties. The Board gives less weight to the appellant's comparables #1 through #6 along with board of review comparable #1, #2 and #5 which differ from the subject in dwelling size and/or finished basement in contrast to the subject's unfinished basement.

The Board finds the best evidence of market value to be the appellant's comparable #7/board of review comparable #4 and board of review comparable #3 which are more similar to the subject

¹ The descriptive data for board of review comparable #4 was found in the grid analysis submitted by the appellant.

in dwelling size and features, but have varying degrees of similarity to the subject in location, age and lot size. These comparables sold in March and August 2018 for prices of \$545,000 and \$692,000 or \$181.61 and \$219.54 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of \$585,245 or \$184.04 per square foot of living area, including land, which is bracketed by the two best comparable sales in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
