

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Janice Michel
DOCKET NO.: 19-04606.001-R-1
PARCEL NO.: 16-06-203-003

The parties of record before the Property Tax Appeal Board are Janice Michel, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$162,202
IMPR.: \$314,357
TOTAL: \$476,559

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 5,836 square feet of living area. The dwelling was constructed in 1996. Features of the home include a basement with finished area, central air conditioning, four fireplaces and a 1,032 square foot garage. The property has a 55,757 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable properties, two of which included recent sale information. The comparables are located within 0.60 of a mile from the subject property. The comparables have sites that range in size from 56,630 to 71,870 square feet of land area and are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 4,838 to 6,380 square feet of living area. The dwellings were built from 1992 to 1999.

Each comparable has a basement with finished area, central air conditioning, one to three fireplaces and a garage ranging in size from 864 to 1,200 square feet of building area. Comparable #1 also features an inground swimming pool. Comparables #2 and #3 sold in June 2018 and January 2019 for prices of \$1,375,000 and \$1,500,000 or \$235.11 and \$283.80 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$419,789 which reflects a market value of \$1,259,493 or \$215.81 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$476,559. The subject's assessment reflects a market value of \$1,448,948 or \$248.28 per square foot of living area, land included, when using the 2019 three year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales, two of which are located in the same assessment neighborhood code as the subject property. Board of review comparables #2 and #3 are the same properties as the appellant's comparables #2 and #3, respectively. The comparables have sites with either 56,630 or 60,110 square feet of land area and are improved with either one-story or two-story dwellings of brick or wood siding exterior construction that range in size from 4,845 to 6,380 square feet of living area. The homes were built from 1992 to 1999. Each comparable has a basement, three with finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 803 to 1,128 square feet of building area. The properties sold from June 2018 to August 2020 for prices ranging from \$1,125,000 to \$1,685,000 or from \$223.66 to \$328.08 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains five comparable sales for the Board's consideration as two of the properties were common to both parties. The Board gives little weight to the appellant's comparable #1 which lacks any recent sale data which is necessary for the overvaluation argument. The Board gives less weight to the board of review comparable #1 which differs from the subject in design and board of review comparable #4 which sold approximately 19 months after the January 1, 2019 assessment date at issue.

The Board finds the best evidence of market value to be the two common comparables which are relatively similar to the subject in location, age, design, land area and features but have varying degrees of similarity to the subject in dwelling size. These comparables sold in January 2019

and June 2018 for prices of \$1,500,000 and \$1,375,000 or \$235.11 and \$283.80 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of \$1,448,948 or \$248.28 per square foot of living area, including land, which is bracketed by the two best comparable sales in this record on both an overall and per square foot basis. After considering adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
