

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tim Cofer
DOCKET NO.: 19-04624.001-R-1
PARCEL NO.: 16-08-201-006

The parties of record before the Property Tax Appeal Board are Tim Cofer, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$161,569
IMPR.: \$292,789
TOTAL: \$454,358

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 5,927 square feet of living area. The dwelling was constructed in 1993. Features of the home include an unfinished basement, central air conditioning, two fireplaces and a 992 square foot garage. The property also has an 800 square foot inground swimming pool. The property has a 65,340 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable properties. The comparables are located from .45 of a mile to 1.01 miles from the subject property, two of which are within the same assessment neighborhood code as the subject. The comparables have sites that range in size from 64,470 to 75,790 square feet of land area. The comparables are improved with a one-story or two-story dwellings of brick or wood siding exterior construction ranging in size from 4,994

to 6,881 square feet of living area. The dwellings were built from 1989 to 1993. The comparables each have a basement, two of which have recreation rooms. Each comparable has central air conditioning, one or three fireplaces and a garage that ranges in size from 888 to 1,506 square feet of building area. One comparable has an inground swimming pool. The appellant provided sales data for comparables #1, #2 and #3. These three properties sold from June 2018 to June 2019 for prices ranging from \$725,000 to \$1,772,500 or from \$145.17 to \$257.59 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$417,508, which would reflect a market value of \$1,252,649 or \$211.35 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$454,358. The subject's assessment reflects a market value of \$1,381,447 or \$233.08 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales. The comparables are located from .52 to .78 of a mile from the subject property and within the same assessment neighborhood code as the subject. The board of review's comparables #1 and #2 are duplicates of the appellant's comparables #2 and #1, respectively, which were previously described. Board of review comparable #3 has a site that contains 67,080 square feet of land area and is improved with a one-story dwelling of wood siding exterior construction with 4,920 square feet of living area. The dwelling was built in 1995 and has an unfinished basement, central air conditioning, two fireplaces and a 963 square foot garage. This property sold in April 2018 for \$1,250,00 or \$254.07 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains five suggested comparable properties for the Board's consideration, as two comparables were common to both parties. Sales data was provided for four of the comparables. The Board has given no weight to the appellant's comparable #5 as no sales data was provided for this comparable to address the appellant's overvaluation argument. The Board has given less weight to the appellant's comparable #3 and board of review comparable #3 due to their dissimilar one-story designs when compared to the subject's two-story design. Furthermore, the appellant's comparable #3 is located more than one mile away from the subject property.

The Board finds the best evidence of market value to be the parties' two common comparable sales. These comparables are relatively similar to the subject in location, dwelling size, design, age and some features. The comparables sold in June 2018 and June 2019 for prices of \$1,290,000 and \$1,772,500 or for \$220.55 and \$257.59 per square foot of living area, including land. The subject's assessment reflects a market value of \$1,381,447 or \$233.08 per square foot of living area, including land, which is bracketed by the two best comparable sales in the record both in terms of overall market value and on a price per square foot basis. After considering adjustments to the comparables for differences from the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
