

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Terry Hasek  
DOCKET NO.: 19-04630.001-R-1  
PARCEL NO.: 16-09-105-012

The parties of record before the Property Tax Appeal Board are Terry Hasek, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$65,366  
**IMPR.:** \$101,608  
**TOTAL:** \$166,974

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of wood siding exterior construction with 2,341 square feet of living area. The dwelling was constructed in 1976. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 559 square foot garage. The property has a 12,750 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales located within the same assessment neighborhood code as the subject. The comparables have sites that range in size from 12,750 to 20,640 square feet of land area. The comparables are improved with one-story dwellings of brick or brick and wood siding exterior construction ranging in size from 2,044 to 2,397 square feet of living area. The dwellings were built from 1956 to 1973. The comparables each have a

basement, one of which has a recreation room. Each comparable has one or two fireplaces and a garage that ranges in size from 280 to 624 square feet of building area. Two comparables have central air conditioning. These properties sold from September 2018 to January 2019 for prices ranging from \$380,000 to \$525,000 or from \$185.91 to \$219.02 per square foot of living area, including land. Counsel for the appellant noted differences between the comparables and the subject. Based on this evidence, the appellant requested the subject's assessment be reduced to \$120,940, which would reflect a market value of \$362,856 or \$155.00 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$166,974. The subject's assessment reflects a market value of \$507,674 or \$216.86 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales located within the same assessment neighborhood code as the subject. The board of review comparables #1 and #2 are duplicates of the appellant's comparables #2 and #3, respectively, which were previously described. The board of review's comparable #3 has a 21,280 square foot site which is improved with a one-story dwelling of wood siding exterior construction. The dwelling contains 2,700 square feet of living area and was built in 1953 with a reported effective age of 1967. The dwelling has a basement with a recreation room, central air conditioning, three fireplaces and a 504 square foot garage. This property sold in December 2018 for a price of \$905,000 or \$335.19 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains four suggested comparable sales for the Board's consideration, as two sales were common to both parties. The Board finds gives less weight to the appellant's comparables #1 and #2/board of review comparable #1, as well as the board of review comparable #3 due to their larger site sizes and considerably older dwellings when compared to the subject. Furthermore, board of review comparable #3 appears to be an outlier as this property sold for a significantly higher price of \$905,000 or \$335.19 per square foot of living area, including land, compared to the other comparables in the record. The Board finds, on this limited record, the best evidence of market value to be the appellant's comparable #3/board of review comparable #2. The Board finds this comparable to be most similar to the subject in location, lot size, dwelling size, design, age and some features. The comparable sold in November 2018 for a price of \$525,000 or \$219.02 per square foot of living area, including land. The subject's assessment reflects a market value of \$507,674 or \$216.86 per square foot of living area,

including land, which is supported by the most similar comparable sale in the record both in terms of overall market value and on a price per square foot basis. After considering adjustments to the comparable for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
