

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Regina Lynn
DOCKET NO.: 19-04634.001-R-1
PARCEL NO.: 16-09-111-019

The parties of record before the Property Tax Appeal Board are Regina Lynn, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$78,275
IMPR.: \$102,874
TOTAL: \$181,149

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of wood siding exterior construction with 2,613 square feet of living area. The dwelling was constructed in 1961. Features of the home include a basement with a recreation room, central air conditioning, a fireplace and a 567 square foot garage. The property has a 19,640 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales located within the same assessment neighborhood code as the subject. The comparables have sites that range in size from 12,750 to 20,640 square feet of land area. The comparables are improved with one-story dwellings of brick or brick and wood siding exterior construction ranging in size from 2,044 to 2,397 square feet of living area. The dwellings were built from 1956 to 1973. The comparables each have a

basement, one of which has a recreation room. Each comparable has one or two fireplaces and a garage that ranges in size from 280 to 624 square feet of building area. Two comparables have central air conditioning. These properties sold from September 2018 to January 2019 for prices ranging from \$380,000 to \$525,000 or from \$185.91 to \$219.02 per square foot of living area, including land. Counsel for the appellant noted the differences between the comparables and the subject. Based on this evidence, the appellant requested the subject's assessment be reduced to \$143,701, which would reflect a market value of \$431,146 or \$165.00 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$181,149. The subject's assessment reflects a market value of \$550,772 or \$210.78 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales which were also utilized by the appellant and previously described. The board of review asserted that the median sale price per square foot of these three comparables is \$205.07.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains three suggested comparable sales for the Board's consideration, as all of the comparables were utilized by both parties. The Board finds these comparables are inferior to the subject in that each has a smaller dwelling size than the subject dwelling, two comparables lack a basement recreation room, one comparable lacks central air conditioning and has a smaller garage than the subject, and one comparable has a smaller site size than the subject. These properties sold from September 2018 to January 2019 for prices ranging from \$380,000 to \$525,000 or from \$185.91 to \$219.02 per square foot of living area, including land. The subject's assessment reflects a market value of \$550,772 or \$210.78 per square foot of living area, including land, which falls within the range established by the comparables in the record on price per square foot basis. The Board finds the subject's higher overall value appears to be justified given its larger dwelling size. After considering adjustments to the comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
