

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Pasquesi
DOCKET NO.: 19-04640.001-R-1
PARCEL NO.: 16-08-207-024

The parties of record before the Property Tax Appeal Board are Mark Pasquesi, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$82,222
IMPR.: \$140,805
TOTAL: \$223,027

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 2,554 square feet of living area. The dwelling was constructed in 1985. Features of the home include an unfinished basement, central air conditioning, a fireplace, and a 529 square foot garage. The property has a 15,000 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparables located within .40 miles from the subject. The comparables have sites ranging in size from 13,400 to 14,280 square feet of land area and are improved with two-story dwellings of wood siding exterior construction that were built from 1984 to 1986. The dwellings range in size from 2,348 to 2,573 square feet of living area. The comparables have basements, one of which has finished area. Each comparable has central air

conditioning, one fireplace and a garage with 437 or 504 square feet of building area. The comparables sold from April 2018 to July 2019 for prices ranging from \$543,750 to \$615,000 or from \$214.75 to \$261.93 per square foot of living area, including land. The appellant noted comparable #3 previously sold for \$570,000 or \$242.76 per square foot of living area, including land which is more reflective of property values within the subject neighborhood. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$223,027. The subject's assessment reflects a market value of \$678,100 or \$265.50 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales located within .40 miles from the subject. Board of review comparables #2 and #3 are duplicates of appellant's comparables #3 and #2, respectively. The board of review's remaining comparable has a site with 15,000 square feet of land area and is improved with a two-story dwelling of wood siding exterior construction that was built in 1984. The dwelling has 2,444 square feet of living area, an unfinished basement, central air conditioning, one fireplace, and a garage with 544 square feet of building area. The comparable sold in February 2019 for a price of \$769,000 or \$344.53 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains five suggested comparable sales for the Board's consideration which includes two comparables common to both parties, one of which sold twice. These comparables are similar to the subject in location, design, age, dwelling size and features except for one of the parties' common comparable which lacks a basement foundation. The comparables sold from April 2018 to July 2019 for prices ranging from \$543,750 to \$769,000 or from \$214.75 to \$344.53 per square foot of living area, including land. The subject's assessment reflects a market value of \$678,100 or \$265.50 per square foot of living area, including land, which falls within the range established by the comparable sales in this record. Based on this evidence and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
