

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Corey Pelland
DOCKET NO.: 19-04813.001-R-1
PARCEL NO.: 07-26-212-006

The parties of record before the Property Tax Appeal Board are Corey Pelland, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,333
IMPR.: \$84,497
TOTAL: \$104,830

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,621 square feet of living area. The dwelling was constructed in 1995. Features of the home include an unfinished full basement, central air conditioning, a fireplace and a 714 square foot garage. The property has a 9,580 square foot site and is located in Gurnee, Warren Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales located in the same assessment neighborhood code as the subject and within .19 of a mile from the subject. The parcels range in size from 9,150 to 16,120 square feet of land area which have each been improved with two-story dwellings of wood siding exterior construction. The homes were built from 1995 to 1999 and range in size from 2,729 to 2,998 square feet of living area. Each comparable has a full

basement, two of which have recreation rooms. Each dwelling has central air conditioning and a garage ranging in size from 462 to 580 square feet of building area. Four of the comparables each have a fireplace. The properties sold from February 2018 to July 2019 for prices ranging from \$275,000 to \$390,295 or from \$98.11 to \$130.19 per square foot of living area, including land.

Based on this evidence, the appellant requested a reduced total assessment of \$100,922 which would reflect a market value of \$302,796 or \$115.53 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$104,830. The subject's assessment reflects a market value of \$318,729 or \$121.61 per square foot of living area, land included, when using the 2019 three year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales, where board of review comparables #1, #3, #4 and #5 are the same properties as appellant's comparables #4, #3, #1 and #5, respectively. The board of review reports the August 2019 sale of appellant's comparable #1/board of review comparable #4 for \$395,000 or \$140.92 per square foot of living area, including land, as compared to the appellant's August 2018 sale date and price. The comparables are located in the same assessment neighborhood code as the subject and within .21 of a mile from the subject. The parcels range in size from 9,150 to 16,120 square feet of land area which have each been improved with two-story dwellings of wood siding exterior construction. The homes were built from 1995 to 2002 and range in size from 2,635 to 2,998 square feet of living area. Each comparable has a full basement, two of which have recreation rooms. Each dwelling has central air conditioning, a fireplace and a garage ranging in size from 462 to 580 square feet of building area. The properties sold from February 2018 to August 2019 for prices ranging from \$330,000 to \$395,000 or from \$118.62 to \$149.53 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six comparable sales, four of which are common to both parties, for the Board's consideration and where one property has two recent sales. The Board has given reduced weight to the August 2018 sale price of appellant's comparable #1 as it is more remote in time from the valuation date at issue in this appeal. All six comparables present varying degrees of similarity to the subject in age, dwelling size and garage size. The comparables sold from February 2018 to August 2019 for prices ranging from \$296,900 to \$395,000 or from \$118.62 to

\$149.53 per square foot of living area, including land. The subject's assessment reflects a market value of \$318,729 or \$121.61 per square foot of living area, including land, which is within the range established by the best comparable sales in this record both in terms of overall value and on a per-square-foot basis. Having considered adjustments to these comparables when compared to the subject property, the Board finds the subject's estimated market value appears to be well-supported by these area sales and thus, no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
